### Your task: Kaitiaki of our environment

1. Create your own image of a fish using [Sumopaint](#), [Pixlr](#) or Google Drawing.
2. Next, create an infographic about fish. Here is a template to get you started:  
[Infographic template - make a copy](#). Include:
  - a. Your image
  - b. 4 or 5 facts you have learnt about fish
  - c. 1 or 2 sentences about a personal experience related to fish or fishing.
3. Pretty up your infographic so you are happy with the colours and the font.
4. Save your infographic drawing as a .png file.
5. Insert this image into your blog - XL size.
