- Learn how to access real-time student data to plan instruction
- Determine how to enhance student learning with instructional resources

Lexia
CORE5
READING

Self-Guided Tour

Lexia Core5[®] Reading supports educators in providing differentiated literacy instruction for students of all abilities in grades pre-K-5. Rooted in the science of reading, the adaptive, online program provides explicit, systematic, personalized learning in the six areas of reading instruction, targeting skill gaps as they emerge, and providing teachers with the data and student-specific resources they need for individual or small-group instruction. This guide will allow you to explore all 21 levels of the online portion of the program in Educator Mode and see what will be most beneficial for your students. And remember, you can always reach out to your representative with questions.

Getting Started

1. Navigate to <http://lexiacore5.com/demo> in your web browser.
2. Enter the email address demo@core5.com and the password **success**.
3. Click Log In.
4. A pop-up window will ask you to confirm your identity. Click Yes.

Program Overview

The first thing you will see is an overview screen that introduces Core5.

Program Highlights

In the Program Features section, you can click the arrows to view the highlights of the online student program, including the Adaptive Blended Learning Model, Lexia's Embedded Assessment, our patented Assessment Without Testing[™] technology, noteworthy Research facts, Auto Placement, 3-Step Instructional Branching, Skill Checks, office Instructional Resources, and more.

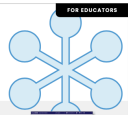

Scope & Sequence

If you keep scrolling down the page, you will be able to access the scope and sequence of the program, which demonstrates how Core5 provides a systematic and structured approach to six critical areas of reading. Clicking on the scope and sequence section will show you a detailed version of the scope and sequence.

5-Minute Check-in

This planning worksheet will help you utilize your Action Plan in myLexia to identify students in need of additional support and prioritize small group instruction. To begin, reflect on the following questions:

Who needs more time in the student program?

- Check the **Need Usage** tab in the **Class Action Plan**. Schedule additional time online for students who are not meeting usage targets.

Who needs help?

- Check the **Needs Instruction** tab in the **Class Action Plan** to see which students would benefit from teacher-led Lexia Lessons[®].

Who is ready to apply what they've learned?

- Check the **Skill Builders** tab in the **Class Action Plan** to see which students are ready to work on Lexia Skill Builders[®].

Who is ready to celebrate?

- Check the **Certificates** tab in the **Class Action Plan**. Print certificates and celebrate student success.

What are my next steps?

- Access prescribed Lexia Lessons and Lexia Skill Builders in both digital and print form. Make a plan to deliver these resources individually, in small groups or as a full class.
