Tinley Park: 17495 LaGrange Road

As a service to you, Duly Health and Care will obtain any necessary prior authorization, provided you choose to have your test performed at one of the locations listed above. Should your plan require authorization, most insurance plans take approximately 5-7 days to process the authorization. Failure to obtain required authorization may create reimbursement difficulties for you.

If you choose to have this test performed at a location other than those listed above, you are responsible for obtaining any prior authorization required by your benefit plan.

Note: Based on the particular exam your doctor has ordered, you may be asked to go to a specific location.
