

Antonio's Barber shop:

Hi Antonio

I hope this message finds you well

Supporting local businesses means alot to me, and now as a digital marketer I have the opportunity to do so more than ever.

Below I have attached some copy I've written for you, free of charge, to showcase my skills and work.

If my work interests you, please respond whenever is convenient, and we can head into the village to discuss my proposal and ideas further over a cup of coffee on me

All the best

(my name)

Beauty Salons:

Dear (salon name)

Seeing beautiful women leave your salon with a rejuvenated aura of self-confidence never fails to bring a smile to my face.

As a digital marketer, I would love to use my advertising skills in SEO and social media to increase the number of new customers coming to your salon.

I hope you're like me and are serious about seeing more women in our community glow with beauty.

All the best, Tafa.
