

Identifying Divination Card (Wondrous Item, Varies)

This enchanted divination card was crafted keyed to the soul of a particular creature, and bears that creature's likeness on one side. Whenever it is within 5 feet of that creature's soul, it faintly glows.

The Common Rarity version of this item has no further effects.

Uncommon versions are also able to communicate information to others; a holder of the card can spend 1 minute focused on the card to learn the name and birth date of the creature whose soul it is keyed to

Rare versions have the same functionality as Uncommon ones, but also allow the holder to cast Locate Creature and Scrying, naming or targeting only the creature whose soul this item is keyed to. If used to cast Scrying, the Wisdom Saving Throw DC is 15, the creature is alerted to the casting at the beginning of casting, and they gain Advantage on the Wisdom Saving Throw if they do not voluntarily fail the Saving Throw
