Information We Collect

The application does not collect personal information such as name, surname, age, date of birth, etc. We use performance data provided by Google to enhance the application, including usage duration, device type, geographic location, and other metrics relevant to improving user experience.

Google Analytics

This application uses Google Analytics to help us analyze how users interact with the app. Google Analytics provides insights into app usage patterns, which we use to enhance our product. For more information on how Google Analytics handles data, please refer to the Google Analytics Privacy Policy.

Children's Privacy

Our services are not intended for individuals under the age of 13. We do not knowingly collect personally identifiable information from children under 13. If we discover that a child under 13 has provided us with personal information, we promptly delete it from our servers. If you are a parent or guardian and you believe your child has provided us with personal information, please contact us at mcmora217@gmail.com so that we can take necessary action.

Advertising

Our application does not serve advertisements or utilize third-party services for interest-based advertising.

Data Access, Collection, Use, and Sharing

Our application accesses and collects performance data provided by Google Analytics to improve user experience. This includes information on app usage duration, device type, and geographic location. We do not collect or share sensitive personal information.

Data Security

We implement secure procedures to handle personal data, ensuring it is protected from unauthorized access, use, or disclosure.

Data Retention and Deletion

We adhere to a data retention policy that specifies the duration for which personal data is retained. Once data is no longer necessary for the purposes for which it was collected, it is securely deleted.
