# Email Swipes for Affiliates

Below are ready-to-use email swipes you can send to your list. Replace [AFFLINK] with your personal affiliate link before sending.

## Swipe #1 — Announcement

**Subject: Build A Complete Affiliate System In 60 Seconds (AI-Powered)**

Hey [First Name],

Quick question — what's the #1 reason most people never make a single affiliate commission?

It's not lack of effort. It's picking the wrong niche, then having zero system to follow afterward.

That changes today.

NicheFlow AI just launched, and it's honestly one of the simplest tools I've seen for affiliate marketers — beginner or experienced.

You type in ANY niche keyword. In 60 seconds, AI (powered by Claude) builds you:

- A Niche Score (so you know if it's worth pursuing)
- 3 matched affiliate offers for that niche
- 7 ready-to-send email swipes
- A 30-day content calendar
- A complete free traffic blueprint

That's an entire affiliate business system, built instantly, for one low price.

## Swipe #2 — Pain Point / Story Angle

**Subject: I wasted 3 weeks picking the wrong niche...**

Hey [First Name],

Years ago, I spent almost a month researching a niche for a new affiliate site.

I built content, set up emails, did everything "right"... and the niche was dead. Zero buyer intent.

If only I'd had something like NicheFlow AI back then.

This tool takes any niche idea you have and tells you — instantly — whether it's worth pursuing, then hands you matched offers, email swipes, a content calendar, and a free traffic plan.

No more guessing. No more wasted weeks.
