

Aries and Wildcats from Cuba

The teams of the Awesome Aries and Lost Wildcats are about to Update their successes and failures at the last UCC event In Cuba. Both of these stables showed a bit of success but continue to struggle to get every girl that big win in this company. As we speak to one of our favorite fighters here in the UCC, Ai Miyazato from the Aries team has stepped to the podium.

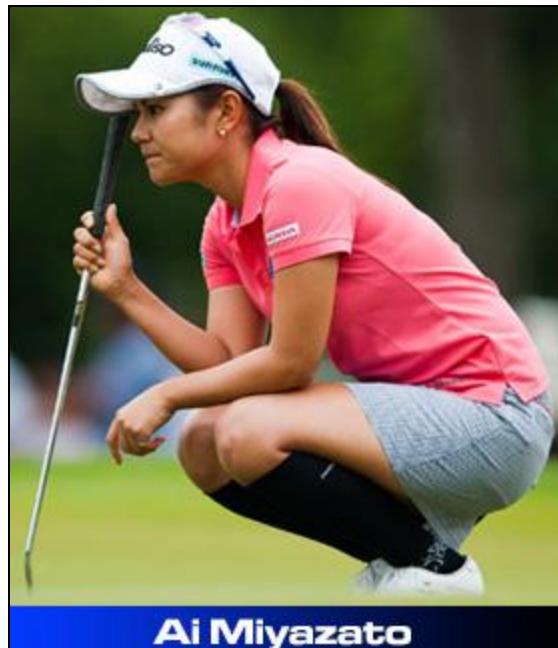

Ai Miyazato: Thanks everyone for being here and for the support from our fans. I just wanted to come out here before Harumi and Koda come out to thank each and every one of my fans who have supported me through both the old UMMA organization and now the new UCC. It takes a lot to be a fighter in this organization and because of our supportive fans, things get a little better and helps give us energy to fight harder. I only have a few seconds but I would be happy to answer a question or two.

Question: Ai, I know that I speak for a lot of fans out there who absolutely love you and the way you fight. You never quit and you work hard. and whether you win or lose your match you always have a positive attitude and that smile on your face. I know that is how you feel when you win a big match but really a loss. That sounds tough.

Ai: Well to tell you the truth you are right, it is very hard to always give off positive vibes after you get your butt handed to you on a golden platter. I will tell you that it is all in your mind and if you are not positive then you might as well just give up and take your beatings and losses. I for one see a loss as an opportunity to learn. I have to view every match whether I win or lose as a chance to learn something. When you get beaten and take a loss, it is easy to find something to improve on and it is much harder to smile. When you win you have to pick something in the match that you screwed up or missed an opportunity.

Question: I see Harumi and Koda heading this way but hey you have the stage, tell us about your win in Cuba.

Ai: Yeah it was a good win for me but it was not easy. I fought Sherlyn Chopra and she is a tough opponent for anyone. Yeah I beat her but she got in some good punches and had me hurt a couple of times but I survived each time and let her have my best.

Question: It was a good solid KO Punch. How did it feel?

Ai: Well I am not the biggest girl in the organization and it felt good to unload some of my frustrations and some hard punches. I guess that Sherlyn was not ready for my power.

Question: Well congratulations on the big win. You really are one of our favorite fighters not just in your stable but in the whole UCC universe.

Ai: Thank you for that . I will turn it over to my friend Kuuchan.

Koda Kumi: Thanks Aichan, and Congratulations on such a nice win. Thanks everyone for being here. I know you probably have better things to do so I will make my part quick. All of our matches were high energy and I think a lot of fun to watch. We had wins by Brenda Song, Hansika Motwani, Jarah Mariano, Katharine McPhee and Ming Na Wen. All 5 of these girls fought well deserved wins and it was good to see Brenda Hansika and Jarah especially get wins. They have all fought hard and have been well deserved to get wins and in Cuba this happened. Katharine beat her teammate Mia Khalifa in a hard hitting fight and anyone knowing Mia knows that Katharine probably was very sore even after being victorious over Mia. Ming Na has turned into a very good addition for us as she has won some really good fights. I think that I will let them speak for themselves.

Ming Na: Thanks Kuuchan don't forget that you got a big win as well over our friend Lin Chi Ling. But for my part I had to deal with Jennifer Metcalfe. I really didn't know much about her but I do now. We went three rounds of hard fighting and I guess that I was lucky to score a win by knockout.

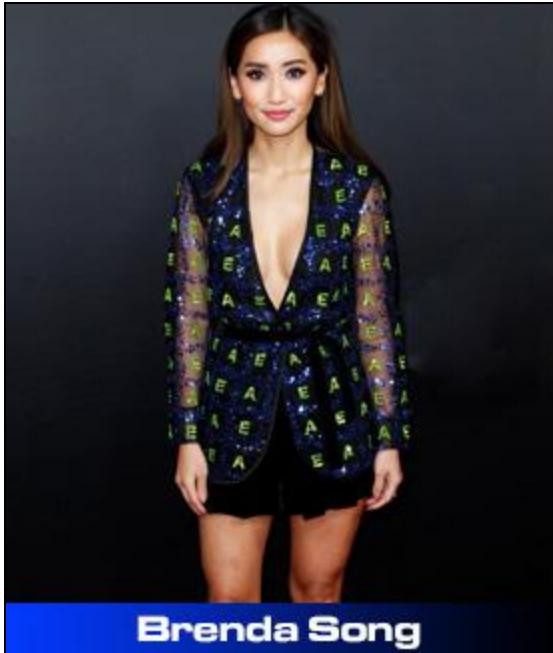

Question: Knockout for sure. If I am not forsaken. you scored the knockout of the night. I think that is something to be said good for.

Ming Na: Really I guess that I was not aware. Jennifer gave me a hard fight and I had to do whatever it took to win the match. But in reality I didn't care about scoring a knockout of the night. I am just doing what it takes to win a fight. If I took my opponent out then that was what it took to win the match.

Question: Well it was a spectacular win with a huge knockout. Congratulations on the win. Miss Song, what can we say about you. You are an amazing and fun fighter to watch and you looked really good in Cuba. What are your thoughts?

Brenda: It was a long hard fought win. I think that Sylvie and I went 5 rounds of knockdown dragout fighting. Sylvie is a fighter and she has a lot of skill and we fought all out. In the end I guess the referees saw the fight in my favor.

Question: Brenda, that was a big win over a top class fighter. Why are you putting yourself down?

Brenda: Not doing anything of the sort. If you had been in the ring with Sylvie and slugged it out with her for 5 rounds you would not think that it was such a big deal.

Question: Well it was a big deal. A win is a win no matter how you think.

Brenda: I could show you the bruises to say different. It was a hard tough fight. Sure I won, but with that said it really hurt.

Question: Okay understand. Just don't want you to think that your win was any less than any other. Okay Katharine. Tell us about your fight with Mia Khalifa.

Katharine: Thanks. Like Brenda said sometimes it gets painful out there. Even when you win. Mia Khalifa is a tough girl and she can take a licking like no other girl that I have ever fought. She is strong and powerfully

built and if you aren't careful she can hurt you before you know it. I gained the win by Submission in the first round and I was lucky. If we had fought longer like maybe into the fourth round. Things might have been different and Mia would be up here talking to you.

Question: She is a talent and has a ton of power. Hansika and Jarah. Did you have anything to add here?

Hansika: It felt good to get a win. I get tired of losing and I think that I deserved this win.

Jarah: I agree with Hansika. Losing gets old and I am not blaming anyone but myself when I lose but it gets old and when you are on the receiving end it hurts and is not fun.

Hansika: Exactly. We train just as hard as anyone and to lose not only hurts physically, it can wear you down mentally. We were all due big wins.

Question: Kuuchan back to you. You scored a good win over one of your own, Lin Chi Ling. Lin is a good fighter and she is quick. How did you do it?

Koda: It was not easy. Both of us were fresh and feeling good and I just caught her with a triangle submission hold and I was not going to let our friendship stop me from gaining a win. Lin would do the same if given the chance and she will get that chance one day and finish someone off just like I did to her. Well I am done here and will turn it over to Harumi.

Question: Thanks Kuuchan. It's always good to see you get a win.

Harumi moves to the podium and takes over.

Harumi: Well you all saw it and we are pleased with the results. So Yeon Ryu, Natasha Yi, Hilary Duff, Hee Young Park, Chrissie Chau and Ai Miyazato all scored wins. but our other girls all gave good fights. We are proud of all our girls as is Kuuchan with her girls. You heard from Ai so how about one of the other girls who won matches.

Question: Chrissie, you are a spectacular fighter here. You are so bright and quick. and here you just took Maggie Q 5 rounds and won by unanimous decision. How are you feeling after that match?

Chrissie: Maggie is a former teammate and before the match we had a good laugh about some old times. Once inside the cage it was all business. Maggie and I are both competitors and we always give 100% in our matches. I like Maggie and she is a fun fighter to step into the cage with. I think that I proved to myself that I

can go 5 rounds with anyone and give anyone a good fight. Tonight it was Maggie.

Question: Very cool. Miss Duff you have only been with this team for a short time. You fought Jennifer Stano and won in fairly unspectacular fashion.

Hilary: Doesn't matter how you win. just win. That is my philosophy. You take what you are given and you fight your opponent. I gained a win and that was all I wanted.

Question: So Yeon and Hee Young. You are both Korean fighters. You gained wins tonight. You have both been slow starters but come on hard. You both scored really nice wins using submission holds. Is that a trend that we can expect to see from you two.

So Yeon: Who knows you have to take each moment one at a time. If you get the chance to lock in a submission. then you do that. Hee Young is becoming quite good at submission holds and If I am correct she scored a submission of the night.

Hee Young: Really I was not aware. I like submission holds and have been working on my moves. Especially the triangle submission. It worked really well tonight.

Question: Exactly and we have one more, Natasha Yi wow what a win for you and another submission of the night. Really nice work.

Natasha: This team that I am surrounded by. are not big girls sometimes we have to learn new moves and some of us have been working on submission moves.

Question: Same question that we asked So Yeon and Hee Young. Is this something that we are going to see more of.

Natasha with a smile: Who knows maybe so.

Harumi: Well thanks everyone. We appreciate your support and help during all of our trials and fights. your support drives us to be better fighters and we are hoping that it shows in the outcomes of our matches.
