

Local stakeholders are contributing to our updated **AR App**. We will submit our AR App, Statement of Assurances, and GEPA Statement in June. ***Thanks to the various stakeholders across the district's departments, programs, and services who have already contributed to this important requirement and who will continue to contribute throughout the spring semester!***

The Director of Federal Programs will provide budgetary data to the building principals and with their respective campus' **Title I Committees** to finalize plans for expenditures in FY2026. This is part of the AR App submission. ***Thanks to the various stakeholders whose recommendations and feedback throughout the year helped to shape budgets for our federal funds!***

The local **Parent, Family, and Community Engagement (PFaCE)** facilitators will finish the evaluation process from the current year and will prepare for next year's plans during the upcoming weeks. ***Thanks to our campus facilitators and committee members for their efforts to engage families and community partners throughout the year!***

The District Liaison will continue working to assist students who qualify for services and supports under the **McKinney-Vento Act/Education for Homeless Children and Youth (EHCY)** or under **Foster Care** during the summer as possible. ***Thanks to the stakeholders who work to eliminate barriers for these young people!***

For our **English language learners (ELLs)**, we received our [ELPA21 Summative](#) Assessment results. We are reviewing the data as we evaluate our program's effectiveness and as we plan services for Fall 2025. ***We look forward to incorporating these updates and the data into our AR App sections for the benefit of our ELLs, their families, and campus personnel!***

With respect to **Military Education Services**, our campus personnel are working on plans for next year while also involving representatives to address the needs of these students and their families as part of our Parent, Family, and Community Engagement (PFaCE) planning. ***We appreciate our stakeholders and community members who encourage our military families!***

Alongside other districts' representatives, an AHS team attended updates regarding our **Career and Technical Education (CTE)** guidance from ADE:DCTE personnel. We also celebrate the students' and faculty advisors' achievements at state and national events into the summer months. ***We are excited about the opportunities for our CTE students this year and appreciate the personnel, families, and community partners making those opportunities available!***

As campus personnel will complete their respective School Health Index (SHI), these are compiled by the **District's Wellness Committee** as part of the AR App submission. ***Thanks to our community partners and to our campus personnel for their efforts to address the wellness needs of our students!***

Do not hesitate to contact me if you have any questions about any of our federal funds, programs, and related services. I invite you to visit our [APSD Federal Programs and Related Services Webpage](#) and the subsequent linked pages. These should give you and other users a better understanding of my areas of responsibility and a better understanding of our services available across the district.
