AI REHABILITATION & HEALTH INNOVATION INTERN
(Kinesiology & Recovery Systems)

About Us

Interact Health PRO (IHP) supports personal injury recovery and rehabilitation coordination through structured healthcare workflows, documentation systems, and AI-assisted technologies.

We help organize:

- rehabilitation coordination
- medical communication systems
- recovery tracking
- operational healthcare workflows
- educational rehabilitation systems

Role Overview

As an AI Rehabilitation & Health Innovation Intern, you will contribute clinical and rehabilitation knowledge to support IHP's healthcare applications, educational systems, and recovery coordination workflows.

You will help bridge the gap between:

- healthcare
- rehabilitation
- operational systems
- technology
- AI-supported workflows

Key Responsibilities

Rehabilitation Support

- Support rehabilitation-focused operational systems
- Assist with recovery tracking workflows
- Help organize healthcare communication processes

- Support rehabilitation education systems

Medical Documentation & Research

- Assist with healthcare workflow documentation
- Research rehabilitation and recovery topics
- Support healthcare educational materials
- Participate in operational healthcare coordination

AI-Assisted Healthcare Systems

- Support AI-assisted recovery tracking systems
- Participate in healthcare workflow optimization
- Help improve rehabilitation coordination workflows
- Support operational healthcare automations

AI Integration

You will work with:

- Claude AI-assisted healthcare workflows
- AI-supported rehabilitation coordination systems
- Airtable operational healthcare systems
- Make.com workflow automations

AI supports:

- healthcare coordination
- recovery tracking
- workflow optimization
- operational documentation

Technical Skills

- Medical terminology
- Healthcare workflow understanding
- Research and documentation
- Rehabilitation concepts
- Communication systems

Assets

- Kinesiology or rehabilitation background
- Healthcare administration exposure
- Educational content creation

Soft Skills & Professional Traits

- Compassion and professionalism
- Strong communication skills
- Accountability and reliability
- Adaptability and teamwork
- Organized and detail-oriented mindset

Learning Outcomes

- Gain exposure to healthcare operational systems
- Learn rehabilitation coordination workflows
- Participate in AI-supported healthcare innovation
- Support real-world medical-legal recovery systems

Why Join Us?

Become part of a 25+ IHP Intern Team and collaborate closely with Web Developers, Full Stack App Developers, AWS Engineers, Business Analysts, IT & Security Networking, Medical-Health, Social Media, Video Editors, and Administrative Groups. Together, we are launching Interact Health PRO's innovative platforms to transform healthcare, patient outcomes, and virtual care technology.
