- o **Discussion points:**
  - **Departing staff notes**
    - PTSA has purchased supplies for the school community to write notes for 14 departing staff. We will use 4'x6' notecards and present those in photo albums at the 5/10 community meeting.
    - Boxes will be set up outside the front office, and students will be able to write notes in various classes or at home (*Kelly please confirm!*).
    - We will send information next Friday 4/26, with a goal to collect notes the week of April 29, allowing time to assemble the albums.
    - Families and the school community are also welcome to submit notes. I will set up a Google form for families/alums to do that electronically, then print off responses and put them in the albums. (If anyone wants to help, they are welcome to do so!)
  - **Departing staff social - Date?**
    - The estimated budget is \$500, based on hosting appetizers, one drink, and server tip for approximately 20-24 attendees at Ralstons.
    - We will put a call out for financial donations.
    - Questions: 1) Can we request that those go to PTSA PayPal with a note "staff social"? PTSA will purchase a gift card with the funds received. Also Venmo/QR code
    - 2) Can Christian track this to track our progress toward the

budget? If we receive over \$500/550, we should state that we will apply that to teacher recognition. This would also help restore our investment in the notes supplies.

- *Note: Given the timeframe, we want to ensure these asks and messaging are well-coordinated with Teacher Appreciation Week (TAW). Can/should we combine the notes project and staff social \$ request with the TAW info, if that will go out in next week's Friday folder? Please discuss to ensure we are streamlined and coordinated with what Anne has planned and related communication by Christine!*
