2026-2027 Profile

ACCREDITATION: Western Association of Schools and Colleges
CEEB Code: 051396

CAMPUS:

Tamiscal High School was established in 1990 as an independent study high school. The Tamiscal independent study students participate in an academic program comparable to that of the comprehensive high schools in the district. Students must take a minimum of four academic subjects at Tamiscal and must complete at least five hours of work per subject per week. A typical schedule requires attendance a minimum of three to four days per week. Some Tamiscal students are also enrolled in pre-professional training programs in dance, music, drama, or sports, which preclude full-time attendance at a comprehensive high school. Tamiscal's staff includes a principal, 12 teachers, one counselor, a school-based therapist, a psychologist, a wellness coordinator, a college and career specialist, four paraeducators and a clerical support staff of two. All teachers are proficient and highly qualified in their subject areas.

In addition to our independent study program, Tamiscal houses Pathways, a senior program for 50 seniors that blend English and social studies classroom instruction, concurrent enrollment at College of Marin and participation in an internship.

COMMUNITY:

Tamiscal High is located just 11 miles north of San Francisco in beautiful Marin County. As one of the five schools in the Tamalpais Union High School District, Tamiscal enrolls students from the southern Marin county communities that reach from the Golden Gate Bridge north to Central Marin and west to the ocean.

COURSE OFFERINGS

Tamiscal's curriculum emphasizes a college preparatory program but provides for all levels of ability. Course offerings are aligned with the district curriculum across all disciplines. Tamiscal does **not** offer AP or honors classes. Independent study students receive instruction in one-on-one meetings with core subject teachers and small group instruction in math, science, art and Spanish. Our students often take classes concurrently at the local community college or at one of the comprehensive high schools to access courses that we do not offer.
