6,	
	A. Assign meaning to newly invented technologies or practices.
	B. Report a correct usage of a particular term in a language
	C. Fase an understanding of a particular term in a language.
Code	D. Exact a particular and contextual meaning of a term with borderline cases. F. None 2. Exact a particular and contextual meaning of a term with borderline cases. F. None 2. Exact a particular and contextual meaning of a term with borderline cases. F. None 2. Exact a particular and contextual meaning of a term with borderline cases. F. None 3. Exact a particular and contextual meaning of a term with borderline cases.
170	Operational definitional technique is for precising definition
	A. Theoretical
200	A man is said to be "tall", if he is over the height of 2 meters. This can be an example of
8.	A. Stipulative definition Procising definition
	B. Ostensive definition D. Persuasive definition E. None
9.	The state of the s
	A. Extensional definition C. Definition by Subclass
	Intentional or connotative definition D. Enumerative definition E. None
10	Which of the following is not a criterion for lexical definition?
	A lexical definition should not be positive when it can be affirmative
	B. Lexical definition should match to the standards of proper grammar.
	C. A lexical definition should communicate the essential characteristics of the word
	D. A lexical definition should be neither too broad nor narrow
	E. A lexical definition should avoid circularity
-11	The word "Orthodox" is derived from the combination of two Greek words 'Ortho', meaning
	right or straight, and 'doxa', meaning belief or opinion. The type of definition used here is:
	A. Operational definition D. Thourstical definition E. All
	B. Persuasive definition D. Theoretical definition
12	2. Which of the following combination is correct?
	A. Let's say "Petrograh" means invading a country to steal its oil = Stipulative definition
	B. "Smoker" means a disgusting individual who callously emits tobacco furnes into the air
	threatening the health and comfort of everyone = Precising definition C. "Assault" means, for legal purposes, an unprivileged act resulting in the apprehension of an
	immediate harmful or offensive contact = Theoretical definition
	D. "Intractable" means not easily governed; not disposed to be taught = Lexical definition.
	E. A and D.
I,	3. As a principle of critical thinking "the burden of proof principle" requires
	A. An intellectual responsibility of providing evidence for one's own argument.
	B. A legal obligation of proving one's innocence.
	B. A legal obligation of proving one suitable statement of people who are less fortunate than us. C. A moral responsibility of showing kindness to people who are less fortunate than us.
	D. An intellectual responsibility towards a practice of pure repairing
	E. All
- 16	4is not correct about critical thinkers?
	A Do anticipate potential counter points to their arguments.
	Do not make mistakes in argumentation.
	Do represent their opponent's argument as much correctly as possible.
