Strongly disagree	9.73%
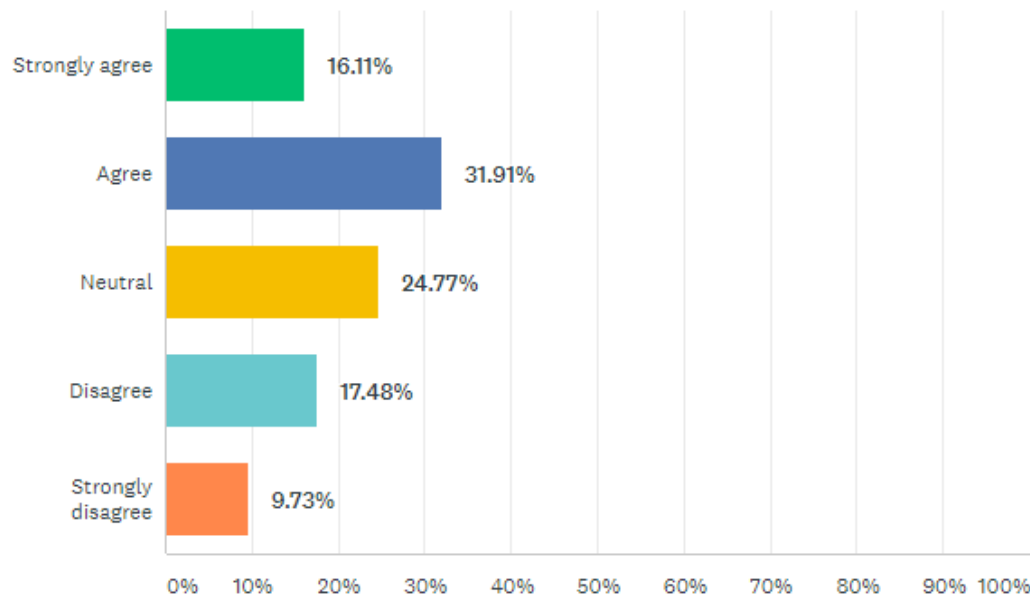

**Hybrid/In-Person Learner Only Questions**

Are you interested in Unit 5 having our 6-12 students attend four days a week yet this school year?

Answered: 2,062   Skipped: 746

| Response	Percentage
Yes	84.19%
No	15.81%

If Unit 5 brings back all "in-person" learners four days a week students will not be able to socially distance in most classrooms. Spacing between students in classrooms will vary from 2-5 feet distance. Are you comfortable having your student attend class with 2-5 feet between students?

Answered: 2,062   Skipped: 746
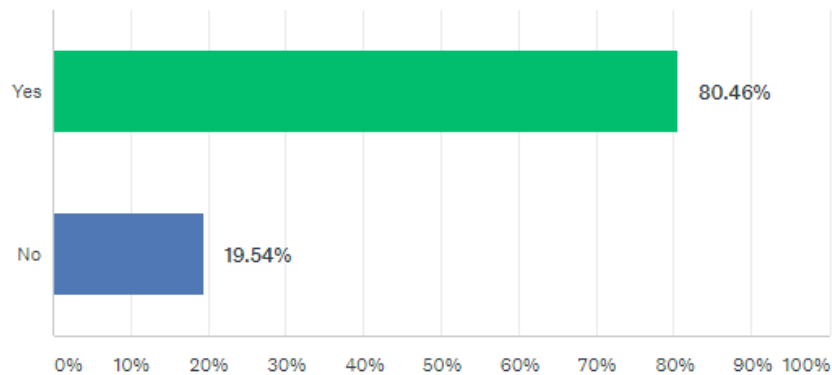

If Unit 5 proceeds with this change would you want to change your student's learning environment from in-person to fully remote?*Families will be required to contact their student's school to request their child transition to remote.
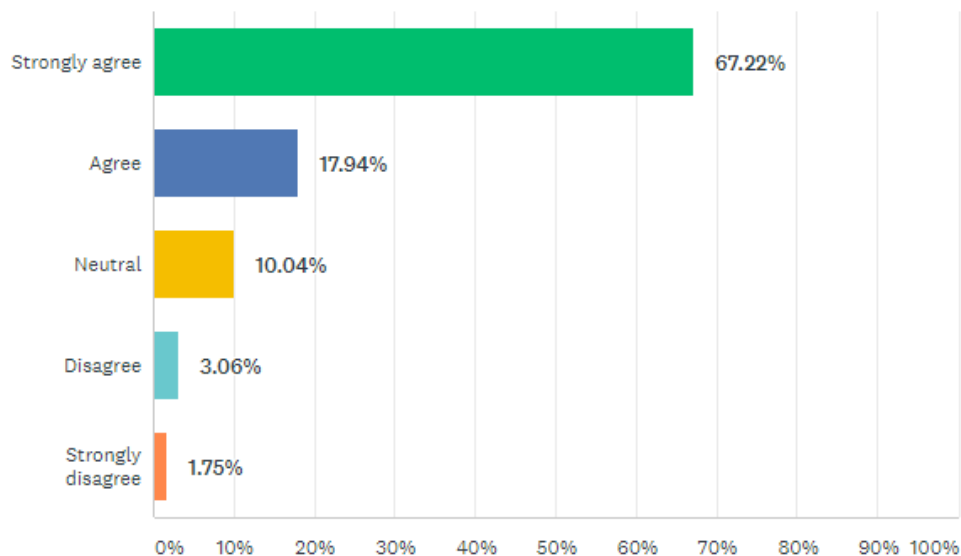

Answered: 2,055   Skipped: 753
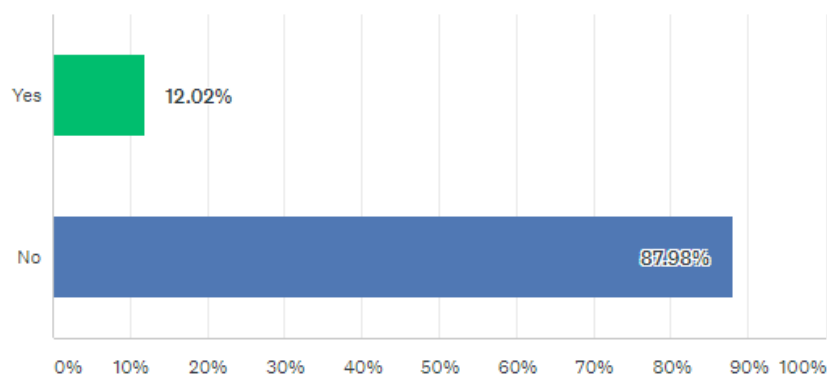

If we return students to attend four days a week that means more students will be riding the bus and will not be able to be socially distanced. Will your student ride the bus to and from school?

Response	Percentage
Yes	45.30%
No	54.70%

Having students back four days a week will benefit my child academically.

Response	Percentage
Strongly agree	67.22%
Agree	17.94%
Neutral	10.04%
Disagree	3.06%
Strongly disagree	1.75%

Having students back four days a week will benefit my child emotionally.
