

# *Roter Fuchs Interviews: LR Interview*

*aoluvi*

## *1: Who are you & what is your role, jobs, tasks of your role?*

My name is Ellie (aoluvi), and I am a Schüler at RF; I don't really have jobs except to be a good student and play the game!

## *2: What is your favorite memory in game, or in the group?*

My favorite memory in the game would have to be when my friend got detention and got stuck in detention with a fox.

## *3: What are some goals you want to achieve in this group, if you have any?*

I would like to be staff again and work harder.

## *4: Do you have any favorite update or event from the group? If so, which one and why?*

My favorite update is most likely the newest one, the spring update. Mostly because my favorite season is spring but also because the map is really pretty.

## *5: What makes this group an enjoyable experience?*

What makes the group an enjoyable experience is the nice staff and nice students that you can talk to and meet new people and make friends.

## *6: What are your final words/notes for this interview? Anything you would like to say?*

I would say if you think you can achieve something at Roter Fuchs go for it, even if it means not being staff and just playing as a student.
