

Community Council Meeting Minutes 9/11/2024 3:08PM

Attendees:

- Jane McClure-Principal
- Richard Waters- Teacher
- Diana Adamson-Parent
- Brandy Hamstra- Parent
- Rachel Holgersen- Parent
- Crystal Applegate- Parent
- Vice Principal?

-Welcome- Discuss goals and themes for this year. Bennion Vision- All students will become life-long learners who are respectful, responsible, safe and kind members of society. Theme= Making the world a better place.

-Discussed Celebrations from this last year- Science Scores on EOY Rise were at the highest 49%.

-ELA Rise scores rose, WIDA Composite improved, Acadience Math scores went up, and 95% of the group was successfully implemented for all red and yellow students.

-Discussed all of the positives from the Land trust funds-having our aides and assistants who have helped in so many ways.

-Discussed the fact that on the last Panorama survey 92% of our students felt that they had supportive relationships. This gives us a really good picture and understanding of how are students are feeling and doing.

-Discussed Bennions CIP-Continual Improvement Goals- Last year we did not meet some of these goals, so we will continue to work on them this year.

-Discussed positive reinforcement ideas for getting students to school on time.

Attendance

Goals. Rewards for classes that have 10 days of everyone being in class. Incentives for students, they will get stickers for each goal, which will equal different prizes.

-Discussed concerns with the parking lot, and student safety crossing the streets. Large concerns about parents not parking in the parking area, instead parking at the drop off area. We went over different options on how to improve this. Having the teachers and crossing guards remind the parents that we ask them to do these things for the students safety. Hopefully reinforce this by communicating the safety concerns and reasons with the kids. Discussed possibly holding assembly for the kids to remember proper process and procedures.

Adjourn @ 3:42PM
