

(Chapter 1) Life as an Inktarian

"What if Octarians... were squids? NEVERMIND—" –Simple

Women fear me.
Fish fear me.
Men turn their eyes
away from me
as I walk.
No beast dare
makes a sound
in my presence.
I am alone on
this barren earth.

My name is Dansunhan, and I am a monster.

More importantly... I am watching its every move closely. Very, very closely.

And someday,

I will take its place

and live the life

I was always meant to lead.
