The more specifically you describe the topic of commission you want, the easier it will be for us to work. Feel free to throw off a lot of reference pictures or write a lot of text.

Wips and edits

I send WIPs of your commission throughout the entire work and you can make edits.

I'm usually loyal to edits if they are appropriate and done on time. Then I can make them for free. But if you ask too much I will start charging additional fees for edits. The cost will depend on the time taken to fix.

Deadline and refunds

If you decide to cancel your commission when I have already started it, your funds will not be refunded

Deadline - 1 month. If I won't finish the artwork in time you can ask for compensation or refund
