3.2.5 Private Comms

If you want to keep your commission private & not published,

PLEASE INFORM ME BEFORE THE COMMS START.

Private commission will be charged **+15\$ per alt.**

Please note that it's different from anonymous comms, which only keep the client name private but not the art.

3.3 Contents Preference

I've classified various contents, based on my preference, into 4 tiers: **Favored**, **Normal**, **Avoided** and **Forbidden**.

3.3.1 **Favored** & **Normal**

Favored tier include the contents I'm more willing to draw and more likely to accept. Normal tier contains the themes I'm fine with, but less likely to get accepted compared to Favored.

3.3.2 **Avoided** & **Forbidden**

For these 2, the request with Avoided tier content will be WAY LESS likely to get accepted, while the Forbidden one WILL DEFINITELY BE DENIED.

3.3.3 Contents Tiers Ex:

Favored

- Feminine, Pregnancy, Inflation, Hyper, TF, Oviposition

Normal

- Masculine, Fat, Vore, Macro/Micro, Growth, Genital

Avoided

- Muscle, Feral, Primates, Gore, Religion, Live birth

Forbidden

- Non-TF Human, Foot, Scat, Babyfur, ABDL

- Illegal contents in most countries (ex: Underage)

- Certain Fanart (ex: Palworld, TADC)

- Tip: combine themes with Favored tier contents can increase the chance of getting accepted

- ~~-Or you could just pay me more~~

- This list may update occasionally.

4. Commission Process

4.1 Walkthrough

4.1.1 Announcements

I usually post two announcements: a preview announcement before opening comms, and another one when comms is formally opened, both on Twitter / Bluesky / FurAffinity. So stay tuned!

4.1.2 Application Form

When the comms open, fill the application form in the [Linktree](#), which requires the following information.

You can prepare these beforehand to complete the form quickly:

- Your name (NOT legal/full name)
- Link to your profile or gallery page
- The way to contact (Twitter, Discord, etc.)**

The form will close when received enough applications or after the destined time, so be quick!

4.1.3 DM & Exchange Details

After I receive your application, I'll contact you to exchange comms details like:

- Ref Sheet
 - Contents & Theme
 - Pose & Character Count, etc.
 - Comms Price Calculation
- (please keep them short & clear if available, thx!)

I'll go through the same process for everyone applying this form, so don't miss the DM!!

Application will be denied if I can't receive any reply in 24 hours.

4.1.4 Accepted or Rejected

Then, I'll decide which application to take, based on factors like complexity, working difficulty, personal preference, commissioner record, etc.

These factors will also affect the queue order.

If it's yours, congrats!!

The chosen applications will be queued by default, as long as it's not rejected.

I'll notify the results to you through DM & discuss more details afterward.

If you have file format or private comms request, please inform me here as well!

You can check whether your application is accepted or not on [Trello](#)!

4.1.5 Payment

When you're ready to complete the payment, please inform me & I'll request it via PayPal invoice to you.

You don't need to pay immediately, but the payment should be completed **in a week after the sketch stage finished, AT THE LATEST**. Otherwise the comms will be canceled.

4.1.6 WIP Check

Then, I'll start to work on the sketch & check with you a few times.

You can request a major change up to 2 times for free during the sketch stage.

The comms progress can be divided into these stages:

- Sketch
- Lineart
- Coloring
- Shading
- Post-production

I will check with you when each of these stages is completed.

NOTE: After the lineart stage, I'll not accept any major change requests for free, except subtle correction or obvious art mistakes.

4.1.7 Comms Completed

Usually the comms will be completed in a month (counted from the day when payment is done). If there's any event which could cause a delay, I'll inform you too.

You can check the comms progress on [Trello](#)!

NOTE: the full size file will be sent to you via Mega(link/email) by default. It will be accessible for a week & stored there permanently. If you have any special needs about this, feel free to tell me!

4.1.8 Uploading

All the finished comms will be posted publicly on my page, unless it's a private comms.

You can give suggestions for the title or description of your comms, or provide a way to tag you!

4.2 Payment Method

4.2.1 PayPal Invoice

Charges the most but provides privacy.

4.3 Preferred Currency

You can choose to pay in one of the following currency:
USD or TWD.

I recommend you to choose the latter if you're unable to pay in USD without exchange, also I'll provide a 2% discount if you choose so.

4.4 Comms Usage Guideline

Feel free to do the following!

- Posting it on your page with proper credit
- Properly cropping it to make profile pic / banner / wallpaper
- Minor adjustment (filter or frame)

And you should NOT do these:

- Claiming the comms is done by people other than me⁶
- Commercial Usage (example: selling, advertising)
- Further modification without informing me first
- Other restrictions mentioned in 0. General Rule

⁶ Unless you're joking obviously

5. Subscription & Donation

I mainly use [Patreon](#) for this part!

5.1 Patreon Tiers & Perks

All the Patreon bonuses will be provided via [my Discord server](#), which is also free-to-join!

5.2 Exclusive Art Theme Poll

The theme of the exclusive art of the month will be determined by a round of nomination & poll:

- The serpentes tier members will nominate the themes in the last week of each month, every member can nominate once per month.
- Then a poll will be hosted for 3 days, with the relative plurality system.
- After that, the theme will be decided based on poll results.
- The exclusive art will be rewarded before the 21st of that month, at the latest.

6. Dispute Policy

6.1 Commission Cancellation

Before the payment is completed, both the client and service provider(myself) have the right to propose the cancellation of the commission⁷ without any additional fee, as long as both sides agree.

- If the client refuses cancellation, the commission will be put on hold for 3 months; I'll make a final decision after then.
- If the service provider refuses it... no I won't.

Currently, considering the sunk cost of refunds, any cancellation which is proposed after the payment will not be accepted.

If the cancellation is caused by the violation of ToS (For example: The client can't pay at all / is underage), it will take effect immediately; and I might make a public blacklist announcement for it, please be aware.

⁷ Regardless whether the commission is wip/queue, or the sketch checking is underway or not
