

KF 1

Background: add clouds, change sky color into dark blue

Boy: add shades on the bag, refine the body parts, remove outline, size of boy needs to be reduced

Kite: separate string, tail, kite body, at a cross on the kite body, kite string should be much thinner(shouldn't be the same thickness as the cable)

Road: remove the white lines

Trees: fill in the branch color

Power cable: remove it

Animation:

Add drop shadow to the boy

KF 2

Boy: smaller size, hand (terlepas = the kite is nearer to the hand)

Power cable: taller

Sun: remove

Cloud: add on

Wind: remove

Bird: move to the right, refine it, make it sitting (KF8) instead of standing,

Power cable: loosen up, change to 2 lines only

Electric shock symbol: near the power cable

KF 3

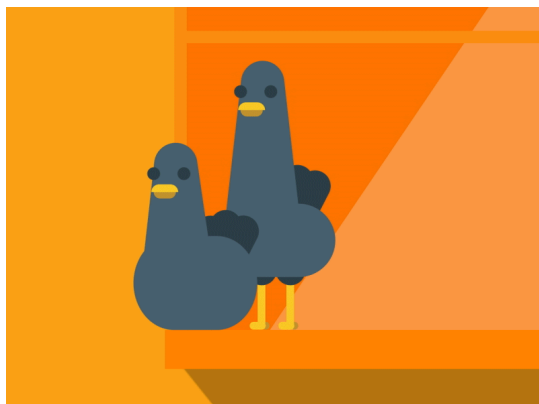

Bag: add strap from the behind

KF 4

Warning sign: keep to 4, can overlap but still show the exclamation mark

Bird: graphic style change to KF 5

Bird peak: follow the example below, add eyebrow, tail diff colour

KF 5

Fix the graphic

KF6

Bag: add strap

Background: follow KF 1

Question mark: should be contrasting the background

Boy: refer to the previous one

KF7

Fix bird's graphic

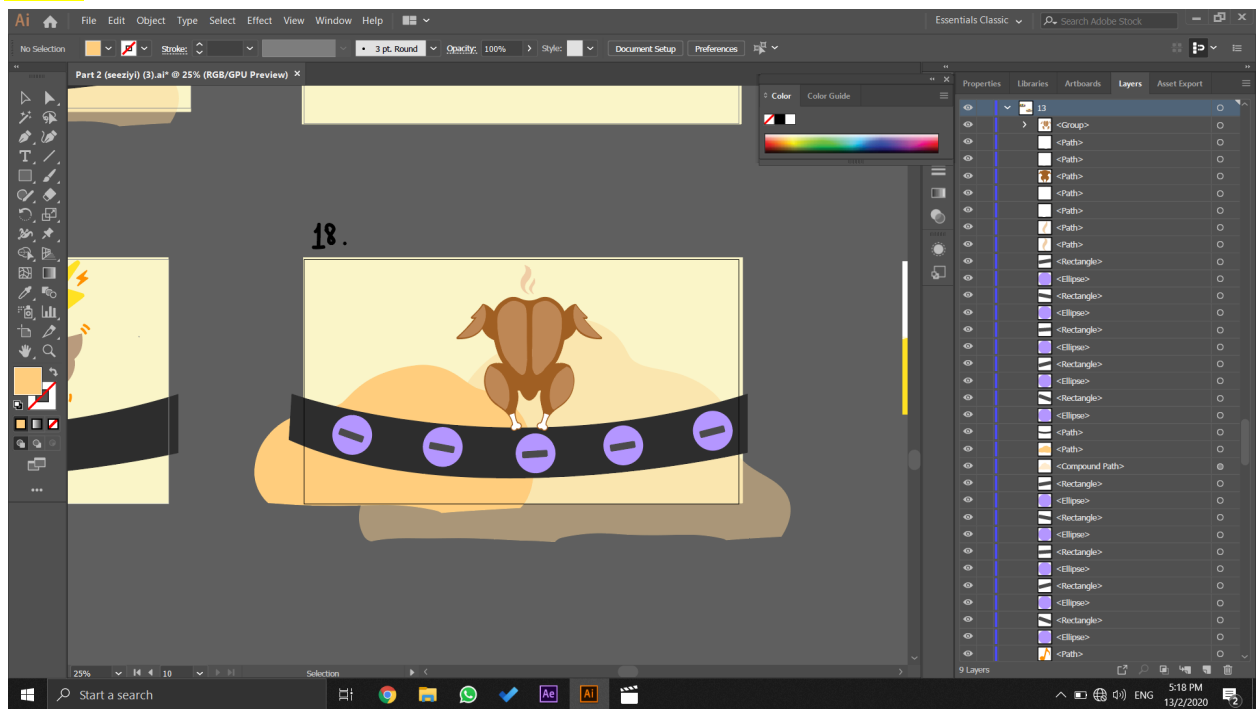

KF8

Stick with one type of cloud

Illustration should be the same as KF2 but just zoom in

KF9-18: Fix the pigeon, eagle should have the same style, rock colour code (898585)

KF 18: Remove tree like the example below

ADD KF21.5 (new keyframe): Add the year, and the number

KF22 Fix the bird

KF23 Change to pigeon

KF 24 Full body bird, without the circle blocking
