

List of all Gerrit Frontend Plugins on gerrit-review

Used at Google

gerrit.googlesource.com/plugins/automerger

no UI, just one js file, resource of gerrit_plugin

```
plugin.on(...
```

```
plugin.restApi(...
```

```
plugin.changeActions(...
```

gerrit.googlesource.com/plugins/checks

polymer 3, polygerrit_plugin + rollup_bundle as resource_jar

gerrit.googlesource.com/plugins/codemirror-editor

[gr-editor.js](#)

polygerrit_plugin for 1 js file, everything else bundled into one asset

uses importHref for lazy loading internally

gerrit.googlesource.com/plugins/code-owners

polymer 3, polygerrit_plugin + rollup_bundle as resource_jar

gerrit.googlesource.com/plugins/find-owners

no UI, just one js file, resource of gerrit_plugin

```
plugin.on(...
```

```
plugin.restApi(...
```

```
plugin.changeActions(...
```

```
plugin.url(...
```

gerrit.googlesource.com/plugins/image-diff

polymer3, polygerrit_plugin + rollup_bundle (no backend plugin)

```
plugin.registerCustomComponent('image-diff', ...
```

gerrit.googlesource.com/plugins/reviewers

plugin.js + 8 files

polymer 3, polygerrit_plugin + rollup_bundle as resource_jar

```
    plugin.registerCustomComponent('repo-command',
gerrit.googlesource.com/plugins/simple-submit-rules
    polymer 3, polygerrit_plugin + rollup_bundle as resource_jar
    plugin.registerCustomComponent('repo-config', ...
gerrit.googlesource.com/plugins/startblock
    polymer 3, polygerrit_plugin + rollup_bundle as resource_jar
```

Active

```
gerrit.googlesource.com/plugins/changemessage
info.js
no UI, just 30 lines of javascript
no BUILD, just a plain resource of gerrit_plugin
Gerrit.on('showchange', ...
Gerrit.get(...)
gerrit.googlesource.com/plugins/code-coverage
copy of code-coverage from chromium-review
gerrit.googlesource.com/plugins/delete-project
polymer 3, javascript
BUILD with polygerrit_plugin + rollup_bundle
plugin.js + 2 files
plugin.registerCustomComponent('repo-command', ...
plugin.getPluginName()
plugin.restApi().send(...)
plugin.restApi().invalidateReposCache()
gerrit.googlesource.com/plugins/examples
gerrit-bluestyle.html
html only, needs polymer 3 migration
no BUILD, stand-alone files
gerrit.googlesource.com/plugins/imagare
```

[imagere.js](#) + 12 files

no BUILD, files are just resources of gerrit_plugin, relying on html imports

html only, needs polymer 3 migration

plugin.restApi('/config/server/')

plugin.get(...

plugin.screen(...

plugin.registerCustomComponent('change-view-integration', ...

plugin.registerCustomComponent('settings-screen', ...

plugin.registerCustomComponent('settings-menu-item', ...

gerrit.googleusercontent.com/plugins/lfs - Owner: Jacek

no BUILD, files are just resources of gerrit_plugin, relying on html imports

html only, needs polymer 3 migration

plugin.registerCustomComponent('repo-config', ...

plugin.restApi('/projects/')

gerrit.googleusercontent.com/plugins/messageoftheday

[gr-messageoftheday.html](#)

no BUILD, files are just resources of gerrit_plugin, relying on html imports

html only, needs polymer 3 migration

plugin.registerCustomComponent("banner", ...

gerrit.googleusercontent.com/plugins/reviewassistant

[plugin.js](#)

polymer 3, javascript

BUILD with polygerrit_plugin + rollup_bundle

plugin.registerCustomComponent('change-metadata-item', ...

gerrit.googleusercontent.com/plugins/serviceuser

[gr-serviceuser.html](#) + 10 files

no BUILD, files are just resources of gerrit_plugin, relying on html imports

html only, needs polymer 3 migration

plugin.restApi('/accounts/self/capabilities/').get('')

```
    plugin.screen(...
    plugin.admin().addMenuLink(...)
gerrit.googlesource.com/plugins/task - Owner: Nasser
plugin.html + 2 files
BUILD uses polygerrit_plugin, but passing as a resource_jar to gerrit_plugin
html only, needs polymer 3 migration
    plugin.registerCustomComponent('change-view-integration', ...
gerrit.googlesource.com/plugins/verify-status - Owner: David
plugin.html + 2 files
BUILD uses polygerrit_plugin, but passing as a resource_jar to gerrit_plugin
html only, needs polymer 3 migration
    plugin.registerCustomComponent('change-metadata-item', ...
gerrit.googlesource.com/plugins/zuul
plugin.js + 2 files
polymer 3, javascript
BUILD with polygerrit_plugin + rollup_bundle
    plugin.registerCustomComponent('related-changes-section', ...
gerrit.googlesource.com/plugins/zuul-status
zuul-status.html + 2 files
BUILD uses polygerrit_plugin, but passing globbed resources to gerrit_plugin
html only, needs polymer 3 migration
    plugin.registerCustomComponent('change-view-integration', ...
```

Obsolete

```
gerrit.googlesource.com/importer
    last commit 6 years ago
gerrit.googlesource.com/plugins/emoticons
    dead since 2.16
gerrit.googlesource.com/plugins/cookbook-plugin
```

last commit 4 years ago

gerrit.googlesource.com/plugins/importer

unowned, no current branches, no commit for 2 years

gerrit.googlesource.com/plugins/reparent

last commit 4 years ago

gerrit.googlesource.com/plugins/wip

last commit 4 years ago
