

[Project name] - Survey Pilot Feedback

Survey pilot link [insert]

Looking for feedback on (in order of priority):

1. Is anything unclear (question wording)?
2. Did you notice anything weird with logic (e.g., you said you didn't do X but then got asked questions about it)?
3. Any grammatical errors

You can provide feedback in this document (copy a table below), via email, or via zoom while you're looking at the survey – whatever is easiest for you.
