

Boiling Point of Fresh and Saltwater

Question:

1. Which liquid, distilled water or salt water will boil fastest?

Hypothesis:

1. If I boil distilled water and saltwater, then _____
will have the fastest boiling time.

Observations:

Type of Water	Time to Boil in minutes
Distilled Water	
Salt Water	

Conclusion:

1. Was your hypothesis correct? Explain
2. Which type of water boiled the fastest? Explain
3. Which type of water would you use if you needed to boil water for pasta in a hurry?
