

MTSS DIT Module 7: Data Analysis and Systems Level Problem Solving

Module Instructions: Each section includes a video and printable/savable resources. Click on the “Professional Learning Video” link for each section. Once each video has been viewed, please click and review the resources and save an electronic copy for your files. Instructions for team time activities are embedded in the videos and resources.

OPI Renewal Units: To be eligible for renewal units, educators must watch all videos in the module below and provide quality responses to all of the questions provided in the evaluation survey. Teams working through the module and participating in the team discussion activities are eligible for 3 renewal units. Educators viewing DIT Module 7 as an individual are eligible for 1.5 renewal units.

Please allow 3-5 days for your OPI Renewal Unit Certificate to be emailed to you. If you have questions about renewal units or the module, please contact: Tamara.Lysons@mt.gov.
