

Tuesday, May 12, 2020

Hon. Governor Kevin Stitt,

As an Oklahoman, as your constituent and as a concerned citizen I am personally asking that you take immediate measures to protect the health and safety of every Oklahoman. Over the course of the last nine weeks, the state has seen confirmed COVID-19 infections rise to nearly 5,000 and confirmed deaths inch closer to 300. Families are grieving for the loss of their loved ones and we, as a state, have a moral responsibility to ensure that we take every measure possible to prevent the illness, hospitalization and loss of life for our fellow Oklahomans.

That is why I am asking you to take the following steps immediately to mitigate the spread of the virus and limit its devastating effects on the health and economic wellbeing of me, my family and my friends.

Governor, I am calling on you to:

- Pause on Phase 2 of reopening (bars, clubs, concerts, festivals, etc.) until we are able to ensure rapid, widespread testing, a clear downward trend in new cases and statewide contact tracing infrastructure consistent with CDC, White House and NIH recommendations.
- Mandate that companies who are open provide PPE for their employees.
- Provide clear, science-driven policies around the maximum number of individuals who can be gathered in a space at one time.
- Give public guidance for how your administration will ensure businesses comply with social distancing policies in order to ensure public safety; support local mayors in doing the same.
- Use all tools at your administration's disposal to encourage and advertise the use of masks and social distancing measures by all Oklahomans.
- Publicly commit to modeling the same personal responsibility you are asking Oklahomans to uphold in all public appearances as the leader of the state

I am also asking that you take immediate steps to support Oklahomans in need by:

- Placing a temporary, statewide moratorium on evictions and
- Working WITH the legislature to pass a budget which avoids drastic cuts to funding in school districts, rural hospitals and more.

As you stated in your press conference on Monday, May 11th, we are *all* in this together as we combat “the largest pandemic that the state has faced”. Please governor, for the wellbeing of all Oklahomans, postpone your plans to essentially end social distancing measures within the next 72 hours and issue clear, definitive and data-driven policies to safely re-engage the economy without putting lives in harm's way.

Signed,

Karen Shaughnessy
