SAME-O

Directions: LET'S CONNECT WITH PEOPLE WHO ARE SIMILAR TO US.

Walk around and talk to other students. Ask questions to learn more about what you have in common. What is the SAME in your lives? Do you like to eat the SAME foods? Do you have the SAME hobbies? Do you speak the SAME language? Were you born in the SAME month or place? When you find a student who shares the SAME trait, write their name and the common trait in a box. You can write each student's name only one time in your grid. Try to fill all the boxes.

DIFFERENT-O

Instructions: LET'S CONNECT WITH PEOPLE WHO ARE DIFFERENT FROM US.

Walk around and talk to other students. Ask questions to learn more about how you differ. What is DIFFERENT about your lives? Do you like to eat DIFFERENT foods? Do you have DIFFERENT hobbies? Do you speak DIFFERENT languages? Were you born in DIFFERENT months? When you find a student with a DIFFERENT trait, write their name and the trait in a box. You can write each student's name only one time in your grid. Try to fill all the boxes.
