RIP Vine. [Twitter has decided to kill off it's 6 second video platform!](#) Kind of crazy considering the popularity.

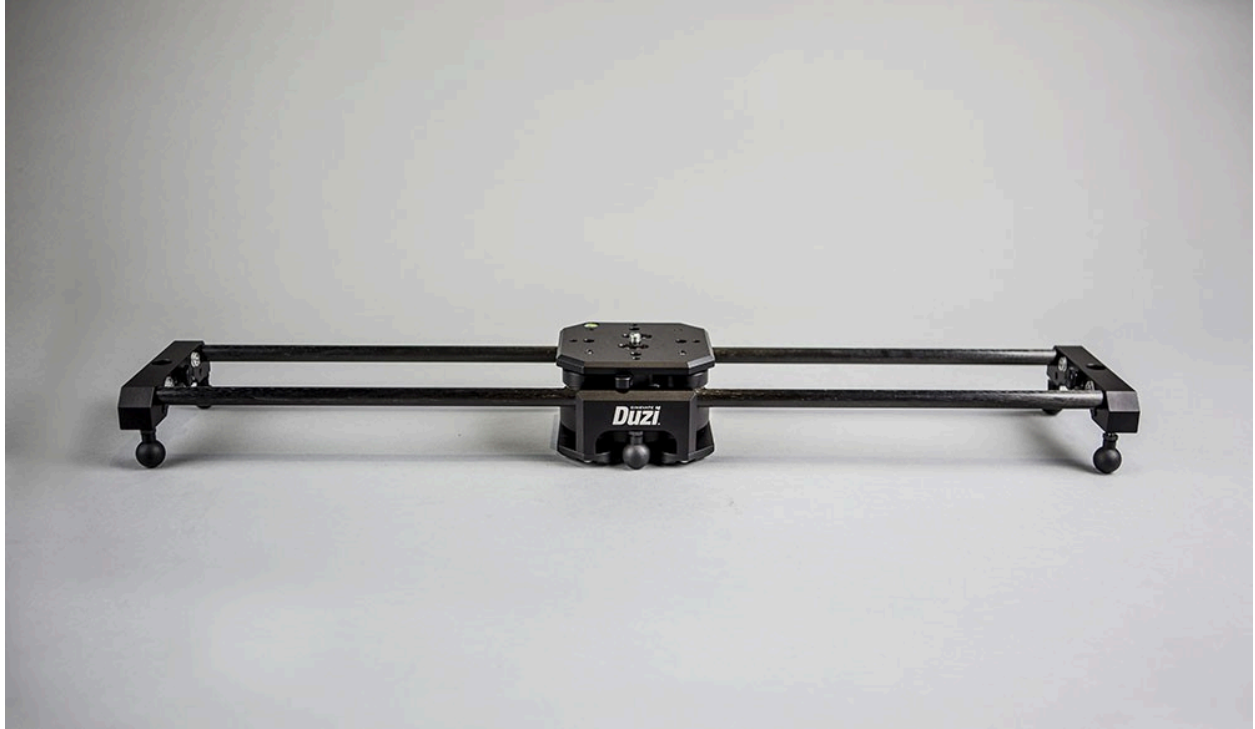

Kipon introduces another sony FE mount to EF mount adapter, this time with a [Variable ND filter and electronic controls built in](#). The price is expected to be in the \$430 price range and provides a handy option for ultra wide angle lenses. This isn't the first Kipon ND flange adapter ([you can find the original here](#)), but

the Design has been updated and 7 step Variable ND has been added.

[DJI releases a Drone camera that actually supports 30x zoom](#)? Called the [Zenmuse Z30](#), DJI expects this to be the perfect camera for industrial applications where inspecting key complaints in the air will save time and manpower.

Finally a [flywheel slider](#) without any kind of belt required. Duzi V4 Camera Slider is not my favorite name, but it is a great idea. Don't want to deal with adding belts or tensioning belts, the Duzi solves your problems.

[Microsoft announced the new Surface studio.](#) It's basically a 28 inch foldable wacom style touch screen desktop computer with a high end laptop inside. Stylish and practical, is Microsoft chasing after the Mac market?

As a non FCP X user, I'll let you tell me more about this one Mitch.

New Final Cut Pro X version

Top 10.3 features in the new Final Cut Pro X

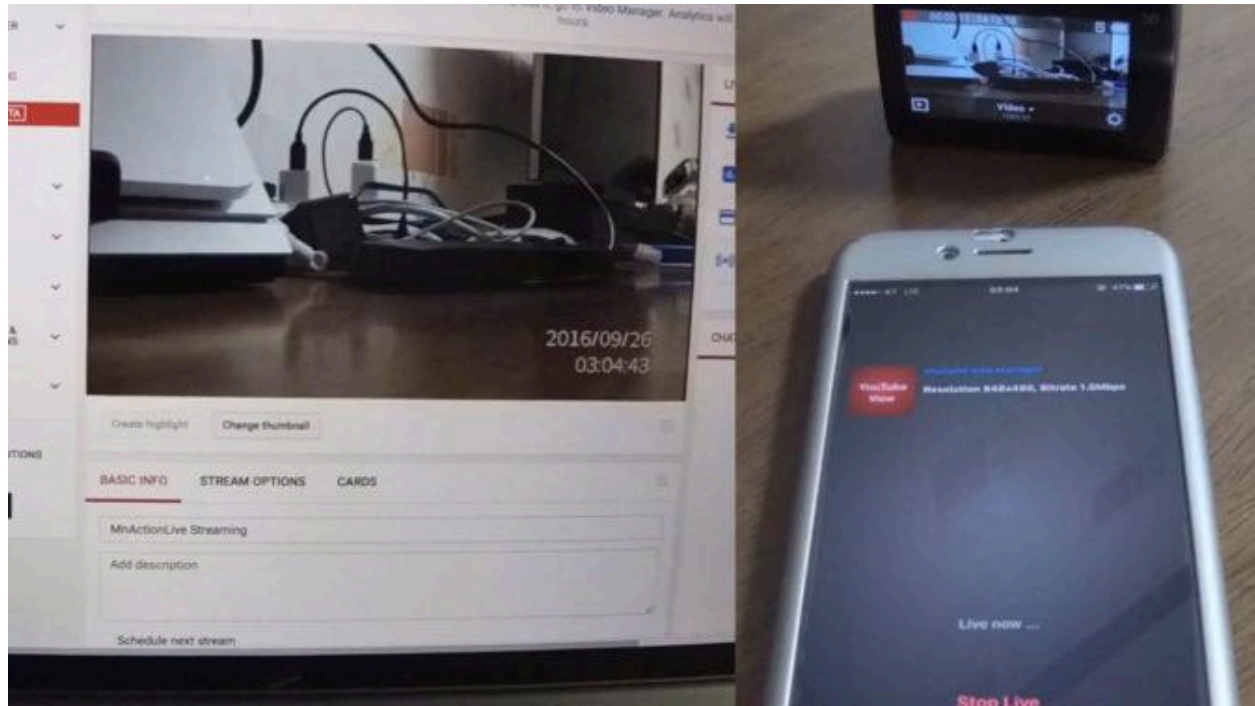

The surface studio announcement comes along with a [new windows 10 “creator”](#) with a new 3D version of MS Paint, integrated music creation apps and more.

Want some super sweet Star Wars style holograms? [Check out the Holovect!](#) This \$700 to \$1800 kickstarter item is already in preproduction and allows for up to 200 vectors to be drawn at 60 FPS.

Who's up for a crazy game of [asteroids](#)?

If you are a YI 4k action cam owner, you might be interested to know that the [latest update 1.3.3](#) alongside the new app update now allows live [streaming to Both Youtube and facebook.](#)
