### **#1 This Girl Shows Us Funny Can Be Sexy**

The most important rule to creating a Tinder profile is to be yourself! And if you have a wacky sense of humor, let that flag fly!

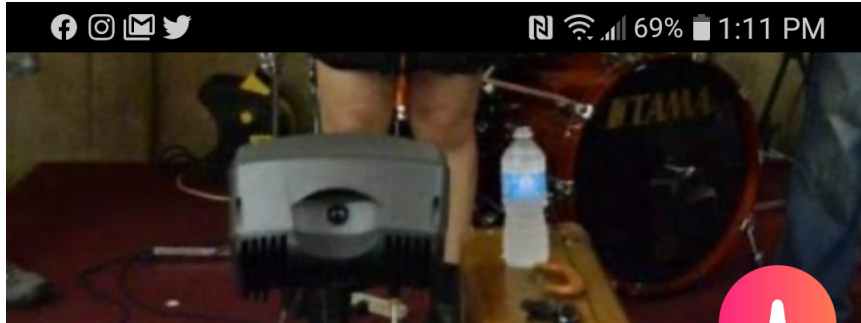

Funny *can* be sexy, as this woman shows us in her funny Tinder bio. Among all of the cleavage shots and duck-faced-do-me-now pics, this Tinder profile displays this gal’s fun personality. She is all that with a frozen dinner on the side.

Sexually identify as a microwave dinner bc I'm ready in 5 minutes & look nothing like my photos.

Jk you're not getting laid & I "forget" to/won't text back. Starved for connection, not attention.

To the left if you can't see a future with naked travel pics in it.

## **#2 Can You Get Crabs from a Tinder Bio?**

Maybe we should reword that as “Krabs.” This guy uses a popular animated character on his funny Tinder bio then adds his own little hilarious twist on words. We have to admit, a right swipe is tempting; for the simple purpose of asking him to have dinner at Red Lobster. But beware, his daughter may or may not be a whale.

## **#4 The Dog Whisperer Funny Tinder Bio Idea**

This isn't a clever Tinder profile, nor is it among the reach-out-and-slap-you-in-the-face funny Tinder profiles. It's short, sweet and to the point. However, as we swiped through thousands of profiles, we found some perfect matches for the guy who loves talking to dogs. *Now*, it's a funny Tinder bio!

**Michael** 26 ⓘ

I love jammin and talking to dogs

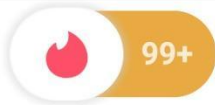

## #5 Must Love Dogs

We've found some perfect Tinder matches for [the dog whisperer](#) (above) and hope they find one another and live happily ever after. However, Tinder users, please heed this advice; don't use a dog as your Tinder profile pic.

Somewhere, out there in the world of the internet, someone told guys that women turn into quivering pools of Jell-O over guys who love dogs. There *may* be some truth to that. But, when we find ourselves staring into the face of a 15-year-old, mixed-breed dog with Cujo eyes, most of us are swiping left, quickly.

In conclusion, you can post photos of your best furry friend. Pics of you chilling with your dog, walking your dog along the beach or even cuddling with your pup are quiver-worthy. However, when your dog's pic is front and center, it looks like an American Kennel Club personals ad.

Now, Michael, meet your perfect matches:

## **#8 Grandma Found the Filters - A very cool tinder Bio ;)**

It's a good thing to be involved with your grandparents as they love the company and attention. However, we're not quite sure setting grandma up on a dating app is the quality time grandma she had in mind.

Judy is a 77-year-old grandmother who likely doesn't have a clue what Tinder is or that her beloved grandchild just set her up on one of the biggest hook-up sites in the world. But again, with that sparkle in her eye, you may be the very bucket-list item she's looking for.

## Judy 77

📍 1690 miles away

I'm looking for a boyfriend for my grandma to take care of her and live out the rest of her days. She's a simple woman who loves Garth Brooks and the price is right. Please be extremely respectful and possibly have a dog. She loves dogs. She's a great girl with lots of love to offer.

## #9 We Found Judy's Soul Mate

Part of what makes these funny Tinder bios so hilarious is finding the perfect match on behalf of another user. [Judy](#), meet Daniel.... he's a much younger man, at 55, but we have no doubt you will rock his world.

And here's a tidbit of advice for those of you users looking for funny bios for Tinder that you can use for inspiration: 1- Lying about your age doesn't always work. 2- Always wax before a shirtless bio pic.

Who says the Tinder app is just for dating and hooking up? It can be used for various things such as hooking up an elderly grandparent or finding a date for your dog. This hilarious Tinder bio shows how you can dump your boyfriend *and* meet a life-long best friend all in the same dating app.

## **#12 I'll Take a Half-Caf, Vente Latte; Hold the D\*ck**

You have to admire a person who can keep their sense of humor after a break-up, especially when they've been cheated on. This hilarious Tinder profile had us laughing out loud and cheering on this jilted dude. May he find companionship, love and d\*ck-free coffee.

We think the world of first responders and have the utmost respect for those who risk their lives for ours. And to be honest, some of us really love a man in uniform. So, if you're looking for clever Tinder profiles, this one is definitely a winner. Unfortunately, this hilarious tagline cannot be used on just any Tinder bio.

## **#15 Be Direct or Not (Best Tinder Bio Ever!)**

When writing your Tinder bio, it's good to inject a little bit of humor into it. People love a funny profile. But it is equally as important to be direct and tell potential matches exactly what you are looking for.... unless you are this guy.

## **#16 Intriguing with a Pinch of Scary - Another Funny Female Tinder Bio**

Some of the best Tinder bios have a bit of intrigue behind them. Men love women that are beautiful and a little mysterious. But this funny Tinder profile takes mystery and intrigue to a whole other level. We definitely love the story this Tinder user created to make people laugh and scare away the weak.

## **#19 Batman in Search of His Robin**

Some Tinder bios are obviously written to be sincere and taken seriously.... and this guy has failed miserably. The words are great and the message is clear as to what Batman wants from a relationship. But as a rule, this shouldn't be a first choice when it comes to a Tinder profile photo. That way, any potential love-interests will know exactly what you're looking for in a match and what you're all about as a person. Unfortunately, some people don't know where to draw that line. And, some people tend to overshare.
