CALIFORNIA

(7/8/25) I am writing to inform you about an opportunity that might be of interest to you. After 27 years of running my chiropractic business, I have decided to sell it due to personal reasons. I need to move out of this State to be closer to my family. I am looking to do this in the next couple of months. My business has been listed on my broker's site, Sam Reader, but I am willing to offer a discount for the right person. I believe there is one chiropractor out there that would love to move to our beautiful dynamic community of Chico in Northern California and would be an amazing fit to take over and continue the legacy of quality care that our patients have come to expect.

I currently perform Cox decompression and diversified adjusting for my patients, with approximately 90% receiving Cox Spinal Decompression Technic. I also utilize EMS, G-5 percussor, and other tools for my treatments. In addition, five years ago I began offering regenerative medicine in my office. I have contracted with a Doctor of Naturopathic Medicine who performs the procedures. These procedures include stem cell and/or PRP injections into spinal regions, articular joints, and soft tissue as well as IV stem cell injection. We also offer regenerative facials and hair restoration utilizing PRP and a professional medical microneedling device. This has been a very rewarding and significant income-producing business. We have seen hundreds of patients in the last five years achieve significant pain relief and restoration of function. Also, five years ago, I created a spa facial business incorporating an award-winning skin care line – offering over 20 kinds of facials and over 10 types of peels.

I am in an office size of 1500 sq. ft. with 4 treatment rooms, and room to build 2 more. The office has excellent visibility on a busy highway and has plenty of parking spaces. I would be more than willing to help the new doctor transition. Also, my current and amazing office manager would be willing to stay if needed. The current rent is \$800/month.

If you are interested or would like more information, please feel free to reach out to me. I would be happy to discuss the details and answer any questions you may have. I would also appreciate it if you spread this information to friends, former classmates and fellow peers, who would like to buy a successful practice at an attractive price.

Thank you for your time and consideration.

Best regards,

Ed Rodgers, DC, MA

Montgomery, Alabama

This is Dr. John Neill in Montgomery, AL.

I am a graduate of Palmer College located in Davenport, IA in 1982 and am looking for a Cox Certified doctor to take over my practice in the near future. I have been practicing for 41 years and have been a Cox® Certified doctor for over 20 years.

The techniques I use are the Cox® distraction/decompression technique, Thompson drop table, activator gun technique and muscle testing. Almost half my patients need the Cox distraction/decompression technique to properly treat their IVF and/or canal stenosis.

My office is a stand-alone building across the street from Jackson Hospital and 1 block from I 85-exit ramp #2. My office is 1 block away from Jackson Imaging who handles the X-rays and MRIs for my patients. They will deliver the CD with the views and reports that

Cox® Practices for Sale as of 7/3/25

same day or the next. The x-ray machine and table that I have are still operable but have not been updated to digital. The have 3 physical therapy machines and a MLS6 laser machine.

I have had the pleasure of treating patients as young as 1 week and as old as 103½ and am looking for someone who will treat them with the respect and care that they deserve and are accustomed to having.

Please contact me at (cell) 334-590-4848 or dr.neill@gmail.com if you are interested or for more information.
