A Refreshing Way to Experience Balance

The goal? To help you experience balance in your daily routine—physically, mentally, and emotionally.

For example, if you're spending the day paddleboarding or hiking, you might reach for a high-energy CBD-infused drink with both CBD and low doses of THC. These drinks offer functional support without the overwhelming effects of traditional cannabis. They're also ideal for sensory-friendly experiences, helping to reduce overstimulation and promote calm without sedation.

Safe, Legal, and Reliable Wellness Solutions

In an industry filled with uncertainty, Coastal Green Wellness has built its reputation on trust. Every product on their shelf is a lab-tested product, verified for purity and potency. You'll never have to wonder what's in your drink or whether it meets legal standards.

Their beverages are made from legal products derived from hemp, meaning you can enjoy them confidently knowing they fall within the guidelines set by both South Carolina and federal law. Whether it's a CBD sparkling soda or a low-dose cannabis elixir, every item is formulated with safety and effectiveness in mind.

This makes Coastal Green Wellness a standout not just in North Myrtle Beach, but across the entire region for those who prioritize safe, reliable access to recreational cannabis products.

The Power of Natural Products

Unlike sugar-laden energy drinks or mystery-ingredient supplements, Coastal Green Wellness emphasizes clean, natural products. Their CBD beverages are often enhanced with real fruit juices, botanicals, and other natural elements to ensure a great-tasting experience that aligns with your wellness goals.

This natural approach also supports sustainable well-being. Instead of relying on synthetic compounds, you're fueling your body with ingredients it can understand and benefit

from—whether your focus is on energy, recovery, mood balance, or cognitive clarity.

A Beverage for Every Lifestyle

What sets Coastal Green Wellness apart from other dispensaries or health shops is the versatility of its product offerings. Their CBD drinks include:

- **CBD-infused waters:** Great for hydration with a functional twist.
- **THC and CBD elixirs:** Balanced for both euphoria and calm.
- **CBD sodas:** A delicious alternative to traditional soft drinks, often made with real fruit extracts and low sugar content.

This variety allows customers to find a product that works with their needs—whether they're planning an active afternoon or looking for something to support a sensory-friendly experience at home. Even first-time users can easily navigate the product lineup thanks to the friendly and informed staff.

Each CBD drink isn't just a supplement—it's a tool for transformation. With consistent use and the right guidance from Coastal Green's staff, customers often report better sleep, improved mood, and enhanced daily performance.

Recreational Cannabis Products, Responsibly Offered

In addition to being a CBD hub, Coastal Green Wellness also provides a carefully curated selection of recreational cannabis products. Their drinks that feature low doses of THC allow customers to explore cannabis legally and safely, without the unpredictability of high-potency edibles or smokes.

These beverages are ideal for those looking to gently explore THC without diving in head-first. It's about making cannabis approachable, effective, and enjoyable—whether you're socializing with friends or enjoying a solo beach walk.
