Read carefully before joining this program.

You agree that you are NOT allowed to do the following things if approved for the affiliate program. By doing any of the following, you will be terminated from

the program and agree that any commissions will be forfeited without recourse:

1. You are NOT permitted to conduct e-mail promotions in a 3rd party system – all email contacts MUST be your OWN opt in email list. You cannot buy solo ads, use safe lists, use spam or anything similar.

4. We run a legitimate business, which means that I always correctly illustrate and represent my product/s and their features and benefits to the customer. Please make sure you do the same. Anyone found using misleading claims, inaccurate information or false testimonials (or anything that does not comply with FTC guidelines) will have their affiliate account revoked immediately.
