

The Real Full StoryLine of Berkshire Oswald

So June 30, 1908 the Tunguska event which was a meteor a ball of light/energy that crashes itself into young Frank Williams that landed on earth for an unknown reason as it landed in Siberia, Russia and was founded so then in 1916 the government start doing experiments called the Project; magicksunmoon where an experiment that could affect the human anatomy to change every DNA structure and add on, along with the vagus nerves that connects to the heart and brain observing brainwave activity prompting those experiments on various kinds of people for them to be able to adapt powers..

The Lab in 1961 got demolished and the test tubes became unleashed which made these bursts of energy which were meteors that looked like a ball of aura. It's blue-white flew out of touch but was still out there in the world waiting to find a human with different energy levels then an average human..

1920 government formed a superhero group which they had experimented on called The Unit 7 and were apart of The STAR Children and there was 7 of them including Frank Williams (British),

There was Elizabeth Oswald who had the power to shapeshift (British),

The lizard man named Atticus Gundland (British-Asian),

A Smart Man made of Steel who can fly named Callum Foster (African-British),

A Woman who had the power of Bio light named Beatrix Ambrose (American),

There was Lavender Isadora The Woman who had the power to control the Earth's elemental phases (African-American),

And Hiro Atlas The Unaging Man who had the power to go through Alternate Realities, Universes and Dimensions (Japanese).

They saved everyone and the world for 41 years, Then in 1962 the team got killed by a bad guy named Simon Rade, except Hiro Atlas the one who sealed himself in between the timelines, dimensions and universes to keep it out of danger..

Ethan Rade's Grandfather who was born in 1914 the start of WW1 and in 1940 Simon Rade had Magnus Rade who is Ethan Rade's Father Then Shortly after Simon Rade killed 5 of The Unit 7 in 1962 Simon Rade Died while fighting his Son Magnus Rade about taking over the world because he wanted to know the secrets about the lab and other timelines, dimensions and different Universes..

Then Magnus Rade killed his father Simon Rade, then in 1988 Magnus Rade had Ethan Rade with a Villain named Lucille Kara (Rade) but Magnus Rade and Lucille Kara Died in 1993 shortly after Ethan Rade was born, and they were trying to get into the other Dimensions but Hiro Atlas was protecting the other Dimensions and Universes and he put a protective shield so no one can get in and out but he killed Ethan Rade's Parents Magnus Rade and Lucille Kara and struck them with lightning when Ethan Rade was 5 years old,

And then Frank Williams built Oswald in 2003 but trained all of the professors in 1996 but got another school in 2003 named after his wife Elizabeth Oswald in Florida in a City called Berkshire...

So comes along Jane the 13 year old from 2020 she ends up leaving the orphanage because she wants an adventure and since she seen a pamphlet talking about Berkshire Oswald in

Florida so she goes to the city of Berkshire in Florida by taking a night bus from South Carolina then when she arrives there in the morning she goes to the school that has been abandoned then she goes in the abandoned school and she finds an unordinary photo of the class 2003 - 2004 but the faces were blurred out and only can see the hair and clothes
