

This documentary by all means is not meant to hate on NEXAS (Vtuber Agency), it is only strictly used to call out the bad actions and behavior of a guy who should NOT be on the internet and most of all should NOT be around minors at all - Canadian kids or not. Lastly, this document is not made to doxx anyone, so all names will be blurred. The only names you will see are Metaslayer, F*ckMeta, Sweet E. Hiroshi, which are fake names used for online entertainment made by the same guy who is being called out on this document (and of course, numbers, no time stamps on the age) -

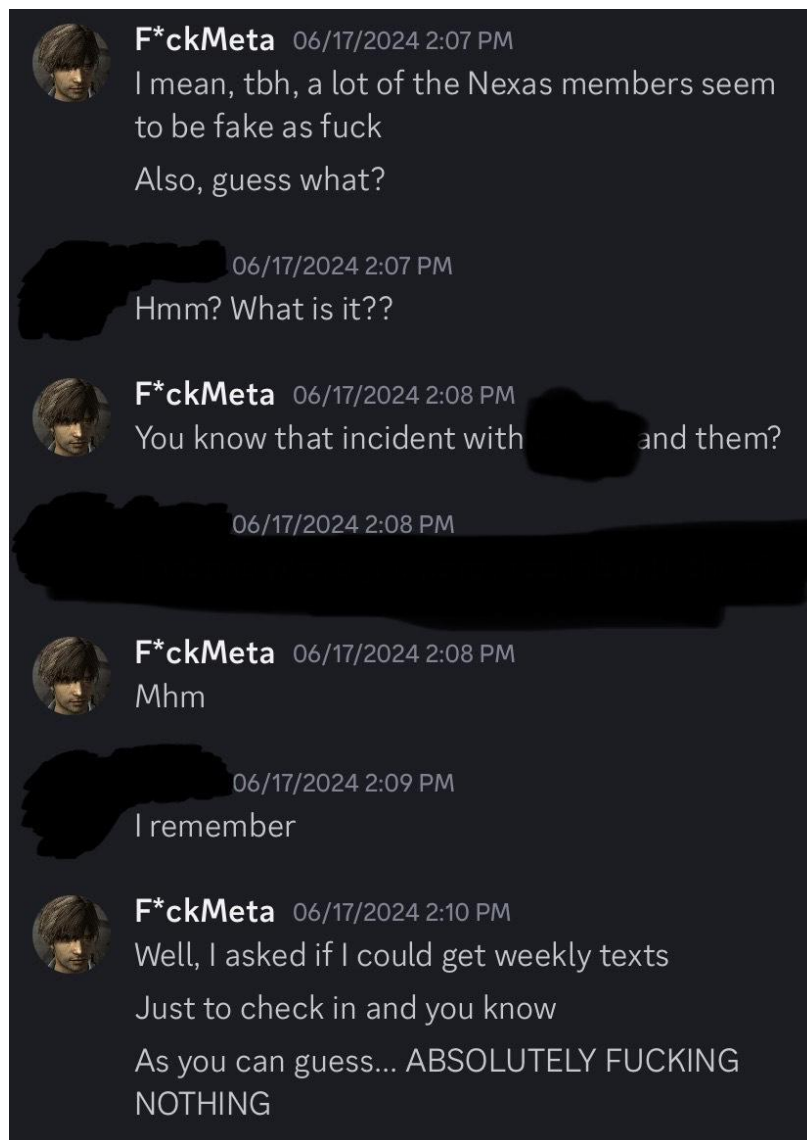

No real names, no doxxing.

**Metaslayer -> = F*ckMeta -> = Sweet E. Hiroshi
(This is the same guy, just on different online accounts.)**

Tired of Sweet E Hiroshi tryna act all innocent and “naive”. This is the doc of all the rumors and allegations of Sweet E. Hiroshi (along with his history before becoming Sweet E. Hiroshi). He can continue making up lies of how he doesn’t know why people talk bad about/be around him. He would act all nice and give you all the attention in the world but the moment you reject him in any way he will switch up on you with no hesitation and talk shit, get cocky and be disrespectful to you. Not only that but this guy has such a weird obsession over 16 year olds and thinks it is okay to date them just because Canada laws allow it.

That was about a month or so ago now
I have some crude words to say about her,
lemme tell you

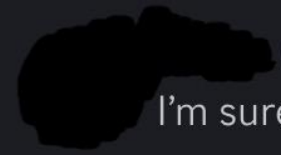

06/17/2024 2:14 PM

I'm listening, go ahead

F*ckMeta 06/17/2024 2:15 PM

You sure?

06/17/2024 2:15 PM

I'm sure

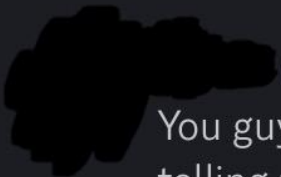

F*ckMeta 06/17/2024 2:16 PM

Okay

What a fake fucking bitch

First going on about our "image" then not even
texting me when I expressly and openly said
that I would like at least one text a week just to
check in

06/17/2024 2:18 PM

You guys used to be friends, I remember you
telling me about her, what happened???

#3

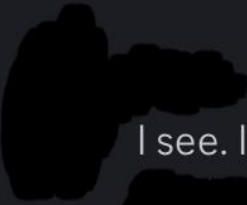

F*ckMeta 06/17/2024 2:19 PM

I tried to be friends, but after that happened, I don't know if I can trust her

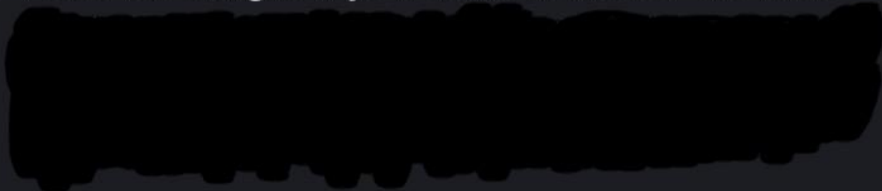

I don't want her around

She can go fuck herself for all I give a shit (edited)

06/17/2024 2:21 PM

I see. It's alright if you don't want her around.

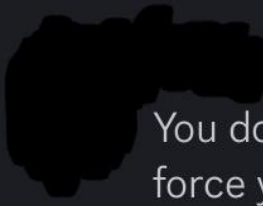

F*ckMeta 06/17/2024 2:21 PM

Good

I don't want to fucking be around her

Lying little snake

06/17/2024 2:25 PM

You don't have to and the company can't really force you to collab with them if you're not comfortable with it

F*ckMeta 06/17/2024 2:26 PM

Mhm

I won't collab with many Nexas members period

Fuck that shit

Sweet E. Hiroshi 08/02/2024 12:46 PM

I haven't met her irl

We lost contact [REDACTED]

08/02/2024 12:47 PM

Ohh

I just mean, I hope she's nice outside of content creation

Sweet E. Hiroshi 08/02/2024 12:47 PM

She was great for the time I knew her at least

[REDACTED]

08/02/2024 12:48 PM

Oh wow!

Sweet E. Hiroshi 08/02/2024 12:48 PM

And guess what?

08/02/2024 12:48 PM

What

Sweet E. Hiroshi 08/02/2024 12:49 PM

I discovered today that somebody else has feelings for me

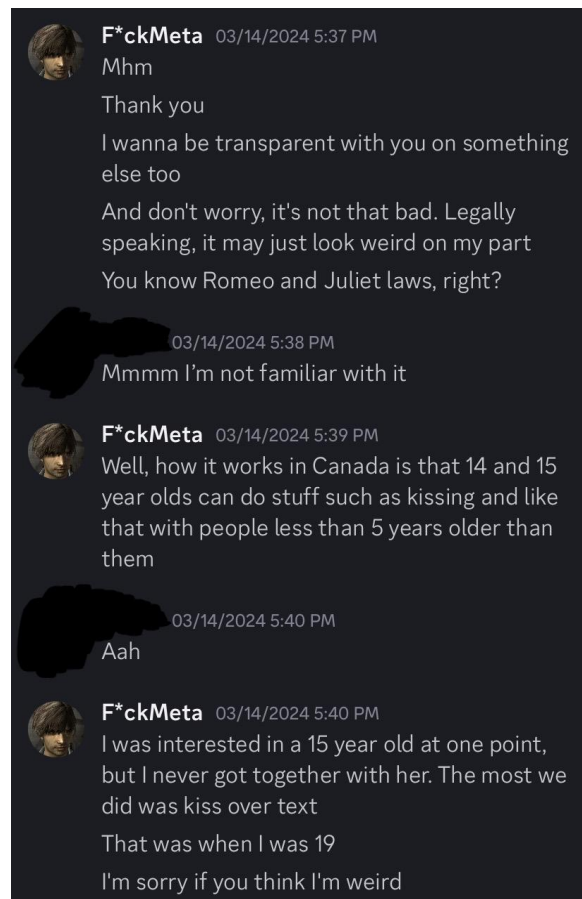

WHY DO WOMEN LOVE ME SO MUCH

There's been more scenarios familiar to the top 4 screenshots (Many have said that Hiroshi went around telling people that he has dated at least 3 members inside his current agency AND shit talked more about his members... Which concludes to his little hiatus he had - was it really a break? Come on.) but unfortunately, I have not gotten my hands on them because it seems like Sweet E. Hiroshi ain't that stupid and will only have the balls to talk shit through VC... And he continues to tell himself that he is a sweet, kind and a naive guy. Keep drowning into his lies yall.

The next few screenshots are the ones that everyone has heard of, Hiroshi's allegation of being a groomer. Take this however it resonates to you. I understand Canadian laws are different from those in the United States, I understand that Canadians have a law where 16 year olds and above have the freedom to consent for their own body and rights, etc. But it is still weird that a full on adult is talking (or how he calls it "Making friends"), dating and crushing on 16 year olds... especially online, on the internet. The way this guy talks and treats minors is by far from being appropriate. Some of these screenshots may not engage in any sexual acts but the words he uses is what makes the whole situation weird and gross... He outed himself on these, so enjoy.

F*ckMeta 03/21/2024 7:27 AM

Mhm

Like [REDACTED] and [REDACTED]

I may be naïve, but I'm not stupid nor ignorant of the law. The reason why I've gotten into those age gap relationships despite them being ethically questionable? Because they're legal in Canada and more importantly, I know that some people at that age are more mature than even I am. They are people too capable of autonomy and making their own decisions

#7

F*ckMeta 03/21/2024 7:31 AM

Exactly

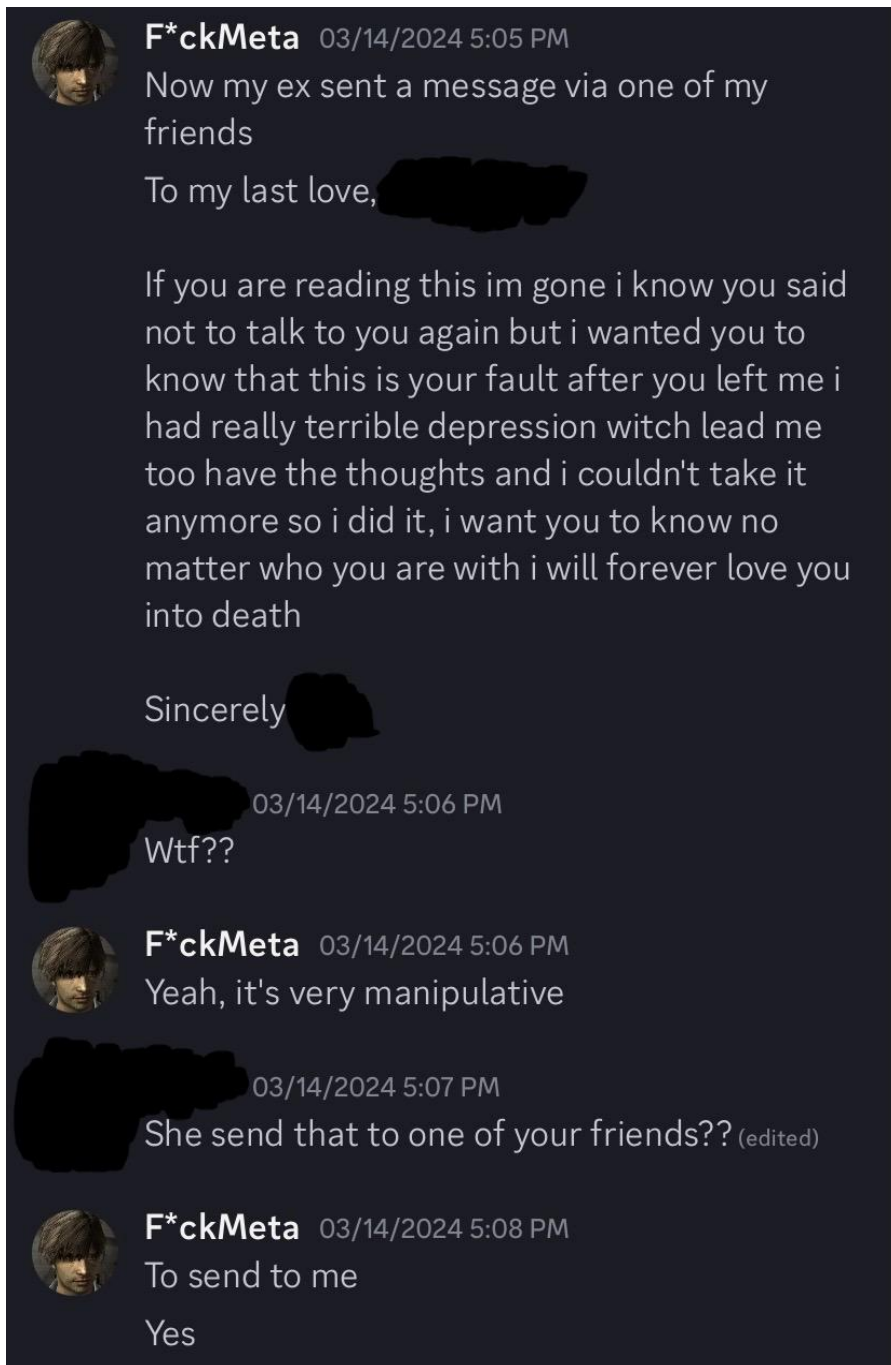

I've given respect to every single one of my partners

That's why I've been in relationships with 16 YOs before. I respect that they are their own person and if I'm doing anything they deem uncomfortable, they're always able to tell me, I'll stop in my tracks and learn from it

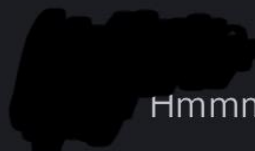

These next screenshots after #9 are from conversations he had with MINORS. Since only “kid” and “16” are used in these screenshots, we will assume they are all 16.. Minors.

You know?

Ah and then this one. He's talking about that same 16 year old girl.

#15

Mind you, this is the same guy who says he is a "Sweet, kind and naive guy" that he is always misunderstood.

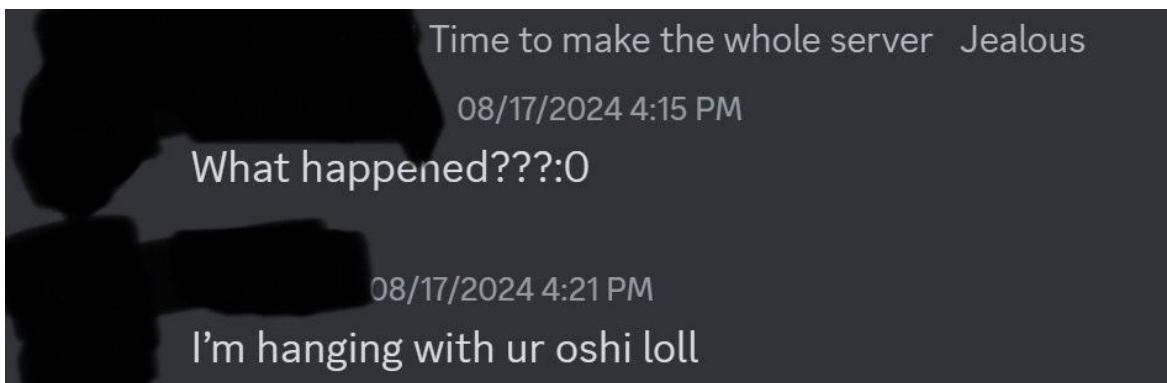

#15

All right, now encounters with fans. He has met up with fans. There is a difference between meet and greets and hanging out with Sweet E. Hiroshi IRL and holding hands....

I think hes asleep or smth

He hasn't answered since he asked me to send him the handholding picture

OH DID YOU GUYS SEE IT BTW

Idk if i have his permission to post it in the server but that definitely happened

#20

Last message sent was by a 16 year old.

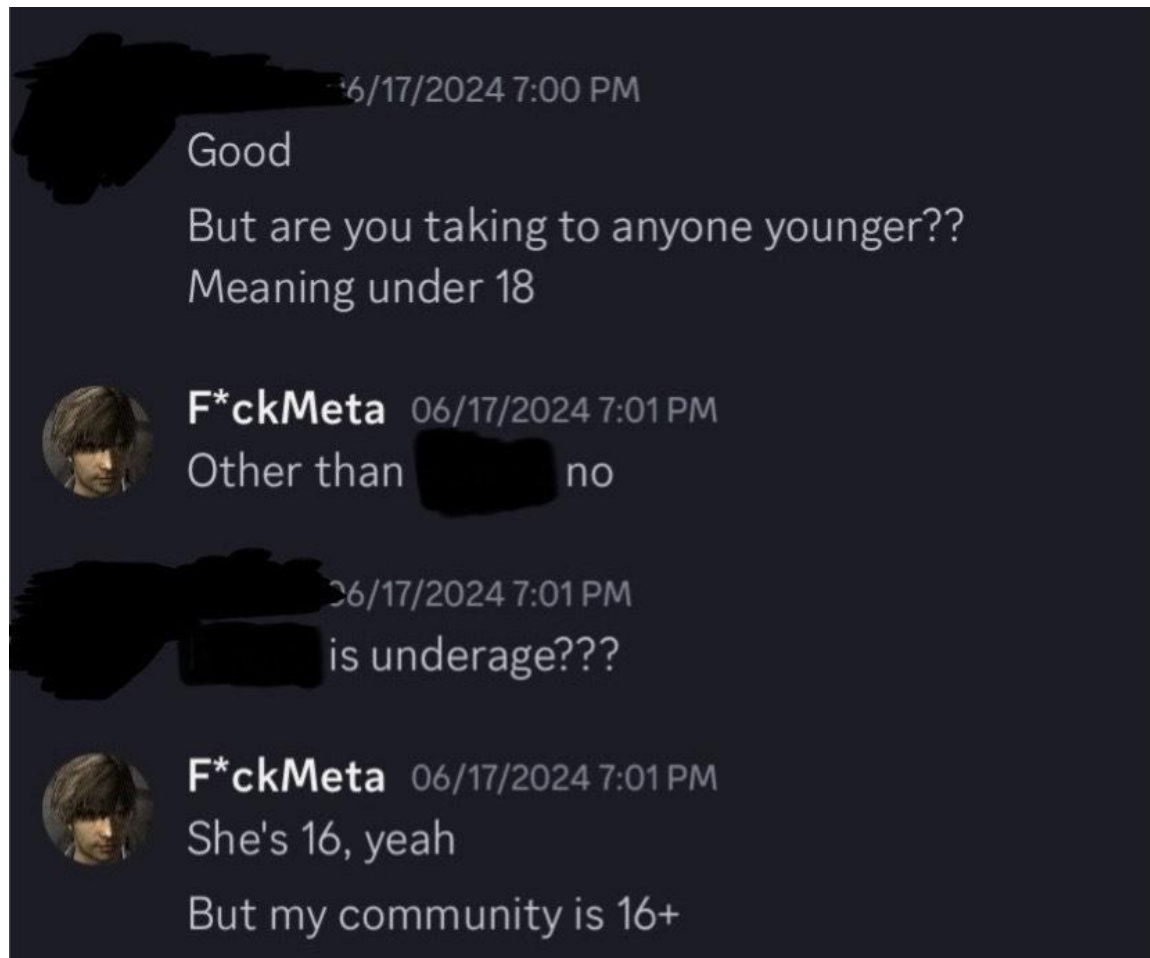

One of these people is a 16 year old. I will not call her name out, but just know that Sweet E.
Hiroshi calls her his Best Friend.

Here's the screenshot where he confirms that she is in fact 16. The only reason I will blur her name is for her own safety. But if you know exactly who this is and is in contact with her.. Please... or if youre reading this yourself, the media is a dangerous place, please be careful of who you become friends with and what information you want to give to them.

Don't meet up with strangers online.

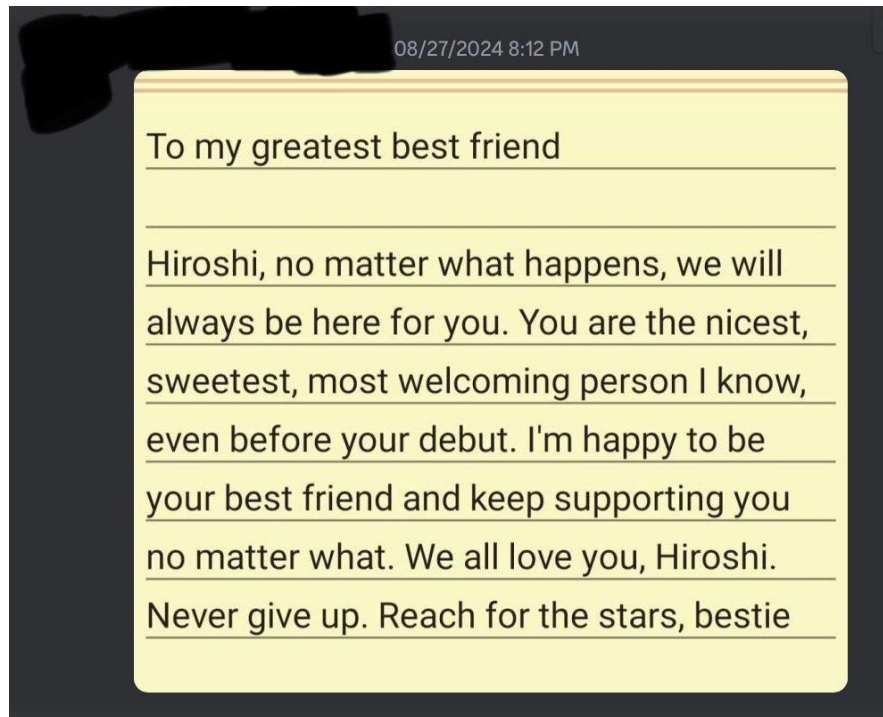

(To clarify, it is not the person who Hiroshi met up with IRL, but he has plans to meet up with that 16 year old as well. Maybe she won't be 16 anymore and that is where the word "grooming" comes along.)

#21

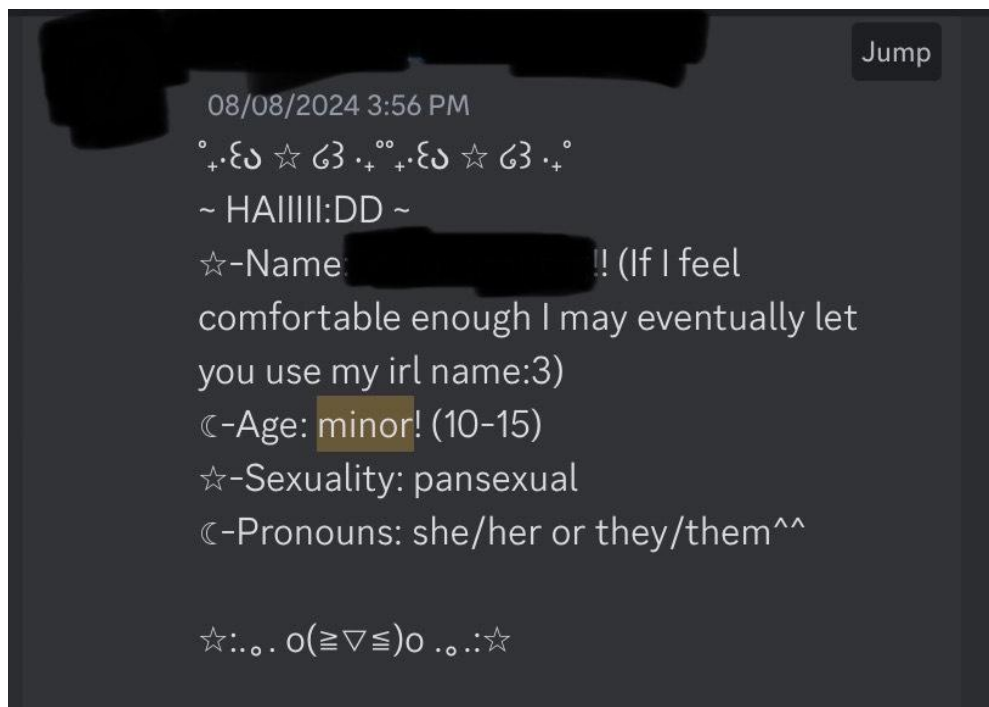

A 16 year old, that is all I'm going to say.

#22

A server where they are talking about meeting up with Sweet E. Hiroshi :)

#23

As before, this guy continues to make up lies. He cannot be trusted, who knows what else he has lied about or has kept away in secret! He says he doesn't talk to 16 year olds outside of his streams but.. ??? All the evidence is up there ^

#23

F*ckMeta 06/17/2024 7:10 PM

I also noticed that [REDACTED] the French person, is also 16, but I haven't talked to her personally and won't

[REDACTED] 06/17/2024 7:11 PM

??

F*ckMeta 06/17/2024 7:11 PM

[REDACTED]
Sorry, misremembered (edited)

[REDACTED] 06/17/2024 7:11 PM

Ah- I don't know [REDACTED]

F*ckMeta 06/17/2024 7:11 PM

Ah, she's come into the stream a couple times

She lives in France, so her timezone is way in the future compared to us

But as I said, I haven't talked to her

Because 16

It is the age limit on my streams, but no talking outside of stream

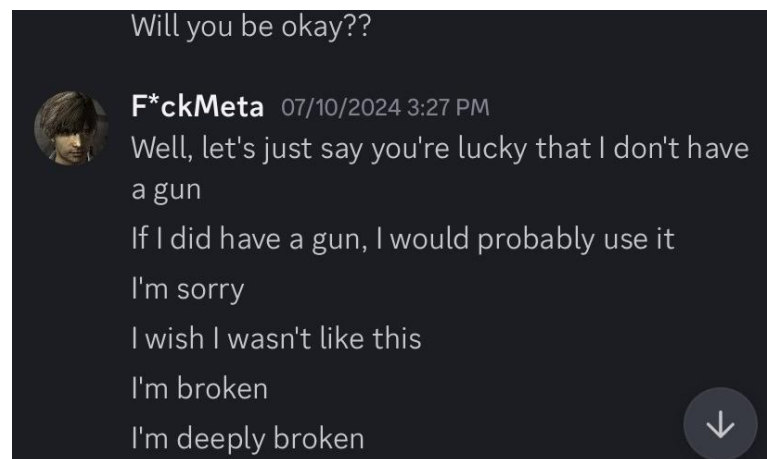

Last but not least, this little screenshot here. I understand and I am sure many of us understand that mental health - Specifically Depression - is a very serious aspect in our lives. By no means am I showing this screenshot to make fun of or a fool of Sweet E. Hiroshi's mental health, but to show that him telling people that he wants to end his life can greatly affect others ESPECIALLY him being an entertainer working in a agency, Vtubing.

And he is out here, talking to minors, telling people if they leave he would end his life = Manipulation, grooming... Pedophilia.

You (Sweet E. Hiroshi) accepted - what I believe it to be- inappropriate pictures from a 16 year old. You (Sweet E. Hiroshi) may not have dated that 15 year old but acted in an online roleplay with her to what you refer to as "Kiss over text". For goodness sake, you had a crush on a 15 year old and had the urge to kiss her.. No excuses.

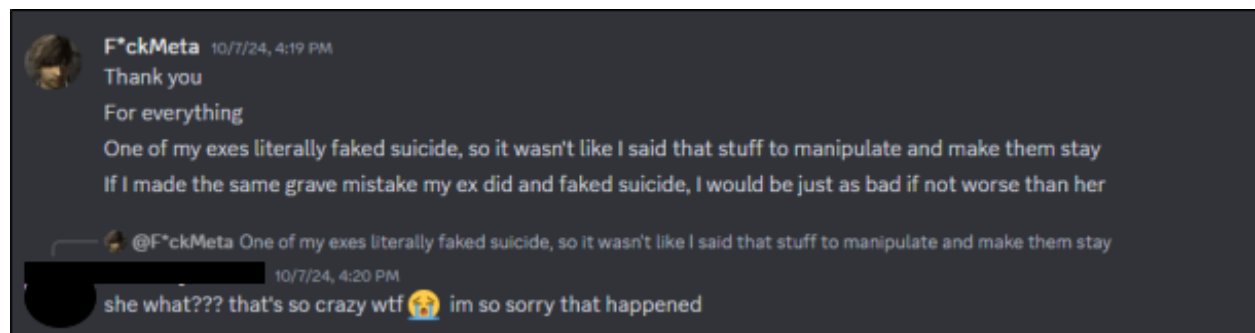

Metaslayer -> = F*ckMeta -> = Sweet E. Hiroshi
(This is the same guy, just on different online accounts.)

#24

What I meant by that, is literally this. He talks shit about others (even his ex WHO IS 16. When he himself kind of does the same shit.)
