

NYFB ANNOUNCEMENT SUMMARY

- Due to the increasing size of the convention, NYFB will no longer be held at the Embassy Suites in Newark, Delaware. Its new home will be the Doubletree located on Concord Pike, in Wilmington Delaware. This is not far from the original location.
- With this new location there is also an extra day. December 29th, both for hotel booking and for those who purchase early registration can grab their badges a day early to enjoy the activities planned for the 30th and 31st.
- New and improved overflow parking: a section of the concord mall parking lot; (specifically in front of the Sears) will be available to use during the entirety of the convention.
- New content! Panel application, DJ applications, and a sensory room. But we will go into more details later on. Let's talk about registration first.
- Unfortunately, due to the increasing costs of merchandise both domestic and international. We have come to the decision to raise the pricing of all registration tiers.
- We are offering those who do early registration two extra options to gain their badges. Option one: pick up on December 29th, and option two: mailed out badges.
- With mailed out badges you will receive a tracking number to keep an eye out for when your registration badge will arrive! You will be able to enjoy the festivities of NYFB the moment you step into the convention space. Mailed out badges are only available until November 30th to give us time to ship out and for you to receive your badge.
- Even though we have upgraded in size and have more event rooms to use, we sadly must downsize the complimentary dinner to being given only to super sponsors.

NYFB ANNOUNCEMENT SUMMARY

- Dealer's Den is bigger and better! We will be able to have 21 vendors within the new space. Also Con Store will now be relocated to be within the Dealer's Den as well.
- We now have panels! We are looking for panelists to share their favorite hobbies, meet ups, and more!
- DJ APPLICATIONS!! Show us your tunes! If you have the experience to rock the house on the 30th, 31st, or both. Applications are available!
- If you start to get overwhelmed at the con, the elevator line is too long, or just need a space to destress and parallel play. We have a sensory room just for that! It will be low lit, calming music, stim toys, art supplies and free ear plugs if you wish to check out the dance more safely!
- The game room is twice the size as its original location. Which means more video AND board games. Also tournaments!
- Charity will still be located right across main events but we will have a few new things, this includes a silent auction art show and a charity auction to go alongside the usual charity raffle.
- That's it for now! If I missed anything, feel free to check out the website: <https://www.newyearsfurryball.com/> or send us a message through the contact us page on the website.
