**All assignments are due:** April 26, 2020 at Midnight

Although the assignments for this week are due on Sunday, I suggest you get them done as soon as you are able to so that you are not behind when we start the next eLearning day.

**Your teacher will be available to answer questions:** **Official office hours: 9am-3pm (April 20);** however, I will periodically be checking Google Classroom, Classroom Website, Dojo and Email all day. Please feel free to contact me with any issues or concerns.

**Special Instructions:**

In Google Classroom, you will be able to see all the assignments and links to the assignments In Google Classroom, look for the classwork tab at the top of the page. Click the classwork tab and find the heading: eLearning and the week or day, each assignment will say the subject and day.

## Math

### Learning Objective:

Students will use background knowledge of fractions to explore equivalent fractions through models

### Assignment Description: Equivalent Fraction Intro

Watch this video before starting your time today! Equivalent Fraction Introduction with Mrs. Yon: [VIDEO](#)

Today you will work on Google Slides. The Google Slide is much like last week. This has been a great tool for me to see your work. I know it can be a little glitchy but take your time and try your best. Make sure you follow all the steps so that I can see your work for today.

If you need a reminder of how to turn-in your work, check out the video again! \*Watch this video explaining how to turn-in your assignment on Google Classroom: [How To Video](#)

Find this assignment in [Google Classroom](#) under the classwork tab.
