

Wawasan Skill Diploma Assessment Method

Remarks: Students must pass both the Continuous Assessment and the Final Assessment to successfully pass the subject.

学生必须通过持续评估和期末评估，才有资格通过该科目。

Code	Subject Name	Assessment	Assessment Method			
			Continuous Assessment Method 持续评估方法	Marks Weighting for Continuous Assessment 持续评估-成绩佔分值	Final Assessment Method 最终评估方法	Marks Weight for Final Assessment 總結评估-成绩佔分值
WD 301	Environmental Health & Safety	Multiple Choice Question	After completing each learning outcome, students are required to take a classroom quiz that covers the entire chapter. 在完成每个学习成果后，学生需要在课堂上完成涵盖整个章节的测验	50%	The Final Exam Paper will cover all chapters and learning outcomes from the entire course at the end of lesson. 期末考试试卷将在课程结束时涵盖整个课程的所有章节和学习成果	50%
WD 302	Engineering Principles	Multiple Choice Question	After completion of every learning outcome, student require to complete a quiz in classroom which covers the entire chapter	50%	Final Exam Paper which covers the whole course chapter /learning outcome.	50%
WD 303	Mechatronics System Commissioning and Maintenance	Practical Assessment + Multiple Choice Question	Students need to complete a progressive practical assignment together with report & demo to lecturer before the session ended. 学生需要在课程结束前完成一个循序渐进的实践作业，并向讲师提交报告和演示。	50%	The Final Exam Paper will cover all chapters and learning outcomes from the entire course at the end of lesson. 期末考试试卷将在课程结束时涵盖整个课程的所有章节和学习成果	50%
WD 304	Maintenance, Troubleshoot & Performance Testing of Machine Systems	Practical Assessment + Multiple Choice Question	Students need to complete a progressive practical assignment together with report & demo to student before the session ended.	50%	Final Exam Paper which covers the whole course chapter /learning outcome.	50%
WD 305	Pneumatic & Hydraulic System	Practical Assessment + Multiple Choice Question	Students need to complete a progressive practical assignment together with report & demo to student before the session ended.	50%	Final Exam Paper which covers the whole course chapter /learning outcome.	50%

WD 306	Mechatronics System Design and Fault Finding	Practical Assessment + Multiple Choice Question	Students need to complete a progressive practical assignment together with report & demo to student before the session ended.	50%	Final Exam Paper which covers the whole course chapter /learning outcome.	50%
WD 307	PLC & HMI Programming	Practical Assessment + Multiple Choice Question	Students need to complete a progressive practical assignment together with report & demo to student before the session ended.	50%	Final Exam Paper which covers the whole course chapter /learning outcome.	50%
WD 308	Motion Control Technology and Feedback Device	Practical Assessment + Multiple Choice Question	Students need to complete a progressive practical assignment together with report & demo to student before the session ended.	50%	Final Exam Paper which covers the whole course chapter /learning outcome.	50%
