

Contents

Chapter 1.

Scope of This Book.....	1
-------------------------	---

Chapter 2.

Anatomic Form and Function.....	3
Terms of Orientation and Direction.....	4
The Feathers of the Wing.....	7
Aerodynamics and Their Clinical Implications.....	10
Clinical Aspects.....	20
Tail Region.....	22
Pelvic Limb	22
Foot.....	24

Chapter 3.

Overview of Fracture Management.....	29
Pre and Post-operative Management of the Orthopedic Patient	30
Examination and Assessment of the Orthopedic Patient.....	30
Management of Wounds Associated with a Fracture.....	31

Chapter 4.

General Considerations for Management of Fractures:

Methods and Materials.....	33
General Approaches to the Management of the Avian Orthopedic Patient.....	34
Materials and Procedures for Coaptation.....	34
Surgical Fracture Management.....	47
Surgical Fracture Management: The Tie-In Fixator	53

Chapter 5.

Anatomy of the Shoulder Girdle and Wing.....	59
Shoulder Girdle and Skeleton	60
Vascular Contrast Images of the Shoulder Girdle and Wing.....	122
Dorsal Distal Wing.....	135
Vascular Contrast Images of the Distal Wing.....	170

Chapter 6.

Management of Wing Fractures.....	177
Methods of Fixation for the Humerus.....	178
Fixation of Fractures of the Ulna and/or Radius	200
Management of Radial Fractures.....	228
Methods of Fixation for the Major Metacarpal.....	232
Metacarpal Fractures Managed with Coaptation	248

Chapter 7.

Anatomy of the Pelvic Girdle and Leg.....	255
Pelvic Girdle, Thigh, Leg and Pes.....	256
Leg: CT Images	260
Vascular Contrast Images of the Leg	331

Chapter 8.

Surgical Approaches to the Leg	359
--------------------------------------	-----

Application of Tie-In-Fixation for Fractures of the Femur.....	360
Stifle Dislocations and Luxations	371
Methods of Fixation for Fractures of the Tibiotarsus.....	372
Post-operative Management of Femoral and Tibiotarsal Fractures.....	386
Methods of Stabilization and Fixation for Tarsometatarsal Fractures	387
 Chapter 9.	
Post-operative Management of the Orthopedic Patient	395
General Considerations with Emphasis on the Pectoral Limb	396
Longer Term Considerations.....	398
Post-operative Issues of the Pelvic Limb.....	399
 Chapter 10.	
Digital Radiographs of the Limbs.....	401
 Appendices.....	
I: Table of Guidelines of Pin Sizes for Long Bones of Various Species.....	410
II: Table of Homologous Terms.....	411
References	416
Index.....	417
