Slang, Work, and Warming Up

00:00

Nick

Hey, brother.

00:00

Logan

What's up, bro?

00:01

Nick

Hey, man. Getting cold out here.

00:03

Logan

Getting nippy.

00:04

Nick

Nippy. Nippy on nips.

00:06

Logan

Bit nippy outside.

00:08

Nick

Nipples. What have you been up to recently?

00:12

Logan

Oh, man. Shall I divulge?

00:15

Nick

Yes, let's hear it.

00:17

Logan

Onlyfans. No, I'm just kidding.

00:20

Nick

That's our topic for today. But yeah, yeah.

00:24

Logan

What? I don't know what. I've been up to. Normal things. Doing my daily grinds. I'm amidst very big project right now and it's making me pull my hair out, as we say.

00:36

Nick

What type of project is it?

00:38

Logan

It's one I've been working on for the last year.

00:41

Nick

Does it have to do with music?

00:43

Logan

Yes, yes.

00:44

Nick

God, you've been working on that for a long time.

00:46

Logan

I'm telling you. I'm pulling my hair out every step of the way. It's. I'll never do a project like this again. Never. Fuck this shit, dude.

00:54

Nick

Can I ask, is it like a super major label or?

00:59

Logan

No, but it's a major IP.

01:02

Nick

I mean, it's major enough for them to be working with you for a year.

01:06

Logan

Yeah, well, it's kind of. Because that's like independently run. But the IP itself is very major. Probably everyone has heard of it, but--

Nick

What's IP? Independent?

Logan

IP means intellectual property.

01:19

Nick

I see.

01:20

Logan

So if Sony has an IP, it's. It's. You know, the Spider-Man movie is an IP they own.

01:29

Nick

I see.

01:29

Logan

Yeah, anyway, so I'm. I'm doing a bunch of that stuff and--and other projects and, you know, and working on CHADS. And it is what it is with my daily life. Thanks for asking, bro.

01:44

Nick

Sure.

01:45

Logan

Dude, I got back in the gym. Back boxing. Yeah. How about you?

01:49

Nick

Yeah, I'm good. I'm in the actual gym lifting really hard. Jiu-Jitsu.

01:55

Logan

Yeah, yeah, I can tell you're bulking up.

01:58

Nick

Yep, I'm bulking up.

01:59

Logan

Bulking is a good word.

02:01

Nick

Bulking. That is a good word.

02:03

Logan

Yeah, yeah, you're getting. You're becoming you. You're going on your Ninja Turtle arc right now.

02:09

Nick

You mean just big and round?

02:11

Nick

Yeah, yeah.

02:12

Logan

Arc is another one. We should go like. People use this slang all the time now.

02:16

Logan

He's on his. He's on his Ninja Turtle arc right now.

02:19

Nick

Yeah, as in like character arc, right?

02:20

Logan
Yeah.

02:21

Nick

That's funny, man. The gen Alpha words are really funny. Yeah, drip is a really funny one too.

02:26

Logan

You drip?

02:27

Nick

Yeah, bro, you looking drippy today, dude.

02:30

Logan

Yeah.

02:30

Logan

And just means you have good style or something.

02:32

Nick

Yeah, yeah.

02:33

Nick

I mean, I guess.

02:34

Logan

What's the drip?

02:35

Nick

Yeah, yeah, man, there's no drip. No drip there, dude.

02:38

Logan

Yeah, yeah, it's got no drip.

02:39

Nick
Yeah, dude.

02:42

Logan

And you know what? That's pulled from an earlier slang that did have to do with, like, now it's just been simplified to drip.

02:51

Nick

Yeah.

02:52

Logan

But there was something else that it was connected to before.

02:54

Nick

That's how slang works. It's. It just dumbs stuff down. Yeah. It gets shorter and shorter.

02:58

Logan

Yeah.

02:59

Logan

So then it's like this coded language before. Before you even know it.

Nick

Speaker 4

Yeah.

03:02

Logan

If you're not keeping up with it's coded language to you.

03:05

Nick

Yeah, yeah.

03:06

Nick

I mean, we're not anywhere near that age of the people that use that type of slang, so.

03:10

Logan

Yeah.

03:11

Nick

I mean, I told you, I hear it a lot from my son. I got mad at him last week in science homework, and he had science homework again this week, and he was like, are you going to rage again today? That's what.

03:24

Nick

It's funny, but it's.

03:25

Logan

Well, it's funny because we would say those things.

Nick

When were kids. Yeah, yeah.

Logan

We would. It's funny because it's like. It's not theirs, per se. Like, we would. We would, like, rage quit has been around since we've been playing games, so it's not like. But, yeah, rage or go on a rager or.

03:42

Nick

Yeah, yeah.

03:43

Nick

But he also says yap, which is a new slang, but an old slang, too, because people used to say, like, stop yapping. But like, everybody.

03:51

Logan

Like an old man one.

03:52

Nick

But people say it now. It's like a new. You know, it's gone the full rounds.

03:55

Logan
Shut your yapper.

04:00
Nick
All right. What do you want to talk about today?

04:02
Logan
Onlyfans.

04:05
Nick
All right. We can talk about OnlyFans. Can you explain what that is? Because I don't think most of the listeners will know.

04:11
Logan
It's a--it's a strange phenomenon that's kind of been overwhelming the culture as of late. In the Western world, at least.

04:23
Nick
Yeah, they have in Japan, too. It's called Fantia.

04:26
Logan
Fantia. Wow. Well, yeah, it's just adult content or not adult content, but it didn't even start out that way. Right. It was, like, supposed to be just for, like, technically, you could have an OnlyFans that doesn't show anything adult.

04:42
Nick
Yeah, yeah, you can.

04:43
Logan
But it got overrun by adult stars or whatever, and then that's. Basically. It's synonymous now with adult entertainment.

04:54
Nick
Yes.

04:54

Logan

OnlyFans.

04:56

Nick

Yeah. And a lot of guys are addicted to it because it's a little bit more personal than pornography.

05:02

Logan

Right, right. They develop what we call a parasocial relationship with these people.

05:08

Nick

Should we put that in there? Parasocial?

05:10

Logan

Yeah, That's a good one.

05:11

Nick

It's funny because I know girls that work for OnlyFans, and the Japanese versions here, and they don't respond to the messages.

05:21

Logan

Yeah, I mean, it just, you know, it depends on, I guess, what you want to cultivate there. I don't know, I've never. I don't even know what the website looks like, to be frank. I know what the logo is.

05:32

Nick

Yeah. But, yeah, I've never delved into it.

05:34

Logan

I've never typed it in.

05:36

Nick

You know, if you were gonna look at OnlyFans, you gotta, you know, you'd have to register, which I would never register.

05:41

Logan

Oh, okay. You know. Yeah, yeah, that's a firewall for me.

05:45

Nick

Yeah, me too.

05:46

Logan

I can't hack that. Firewall.

05:47

Nick

Yeah.

05:48

Logan

Registering for something.

05:50

Nick

Well, for only fans. No way.

05:52

Logan

Yeah, exactly.

05:53

Nick

But it's crazy how. And before, it used to be like you had to be chosen is a model or a sexy girl or a famous actress, but now anybody can do it.

06:05

Logan

Right. And so it's created this whole new wave of generational issues, I think, in a sense that, you know, you've got. There was this one famous YouTuber girl. She was like. She's been a YouTuber since she was a kid. This is a recent one that I know of, but. And she was famous for being like this. She was an Asian girl, an Asian American girl. And she was famous for being like a gangster type of girl as a kid, like rapping and talking like a gangster and stuff. And apparently like her parent. And she was so famous that, like, her parents were like really pushing her to keep this going. And. And she was always sell it, like showing like blocks of money and acting like she was a gangster.

06:50

Nick

Was it a joke, or was she actually?

06:52

Logan

Well, it's a little bit of both. Yeah. And anyway, she's finally became of age within, I don't know, the last like six months or something. And so the first thing she did, I guess the story is that she opened her OnlyFans and made a million dollars.

The Rise and Impact of OnlyFans

07:10

Nick

Crazy, man.

07:11

Logan

Or more probably.

07:13

Nick

That's crazy.

07:14

Logan

Yeah. Because she already had this huge following. Right. And then suddenly she's of age to. You know, there's obviously people following her for that reason. Right. Which. It adds a whole other. A few other layers to this, which is one, okay, there's guys following this little girl. That's one. Two. She was prepared for her 18th birthday to do this, which means the photos and stuff. Probably before she was 18, right? Like, yeah, you know, so. And who's putting her up to that? Her family?

07:51

Nick

Well, it's funny because you'll see all these, like. I mean, I see it quite often on Twitter or X, as they say, which is like, yeah, my dad is my manager onlyfans. Like, stuff like that. It's like you guys are--are lost.

08:06

Logan

Yeah, it just, it's. It's very interesting the effect it's had and the effect it's had on just people's expectations as a whole. You know, there are those OnlyFans because, you know, I've--I see it reported all the time, but like, there's people that make lots of money, right? They make a lot of money. Some, some women will make up to like 45 million a year.

08:32

Nick

Yeah, that's crazy.

08:34

Logan

And they've got, they bought, you know, entire apartment complexes and all this stuff. And. And then there's the ones that go on there thinking they're going to make 45 million a year and they end up with \$50 a month.

08:48

Nick

And that must be soul crushing, dude.

08:51

Logan

Well, think about it. You've sold your soul, you've sold yourself out. You've put yourself out there. That's not going away. You have a digital footprint on the Internet forever and you did it for 50 bucks a month.

Nick

I mean, but, you know--

Logan

Thinking that you were going to be this, like it was just going to happen for you, you know.

09:09

Nick

Yeah, it's. It's also just, I mean, that your whole value was put into that, you know, you being naked in front of a. Yeah. Camera and people were not interested in you. It's very like--

09:21

Logan

Well, so you said you used to have to be chosen, and it still seems you still have to be chosen.

09:28

Logan

You know.

09:29

Nick

Yeah.

09:29

Logan

I mean, you could probably, you know, find your niche market or something. But, you know, there's all kind. In the adult entertainment industry. There's all kinds of niches, Right? Like.

09:41

Nick

Well, adult entertainment industry for guys usually. Right?

09:44

Logan

Yeah. Yeah. But I mean. Yeah. Increasingly, you know, women are much more involved.

09:52

Nick

Yeah. The girls that I know who do it, I mean, there's girls that I know that actually they're all cool, they're all chill. They're just like super jaded, man.

10:00

Logan

Yeah. Yeah. Well, you must be. I mean, think of people who don't even do it as an adult entertainer. Like, they just do like a talk show or they just do things where people are talking to them all the time. They're saying stupid things, and you just have to put up with it because, you know, you're an entertainer of something.

10:22

Nick

The other thing is, like, you're being told you're hot or you're sexy. Like.

10:26

Logan

Yeah.

10:27

Nick

At some point, it just doesn't mean any. Like, it's like. Becomes the opposite of what.

10:30

Logan

Yeah, it doesn't mean anything.

10:31

Nick

It's like. It's like a drug. Right. Every time you're told that, like, you and I would both feel good if a attractive woman said that to us, but if were set, like, told that all the time.

10:41

Logan

Yeah.

10:42

Nick

We might turn gay.

10:47

Logan

We might look into each other's eyes a little too long.

10:48

Nick

Might look into the wrong eye of each other.

Logan

Nick, I didn't know your eye was brown.

Nick

The eye of Sauron. Is it like the eye of sore? Like, it's really.

Logan

Oh, dude, don't make that Mount Doom blow sore. Yeah, the one ring, dude.

11:26

Logan

Wear it on your finger.

11:30

Nick

You just walk. You're just walking around. Like there's like an entire person.

11:39

Logan

Oh, God.

11:42

Logan

Yeah. But anyway, it's true, man. Jaded is like.

11:46

Logan

I would. No, I would. You know, I'm not, and I don't. We know what that's like.

11:52

Nick

You want me to read the tweet? I'll translate it into English, actually, because this is a foreign OnlyFans girl that I know personally. And this is what she. This is what she tweeted today. It was really.

12:08

Logan

But she lives in Japan?

12:10

Nick

Yeah. Yeah.

12:11

Nick

If you're not gonna pay everything for me, I don't need a Japanese boyfriend. And then it says many of them are just trying to have sex with me. That's fine. But to do it, I need money. I mean, you're just a prostitute, right?

12:25

Logan

Yeah, I mean, that's what it is. I mean, is that not what it is? I mean, we have essentially systematized prostitution with OnlyFans in a way that bypasses the legal parts of prostitution. I guess. I mean, I guess if there is no real intercourse, as we say, then, you know, you could still say it's not really prostitution, but, you know, more or less, it. It delivers the same kind of results.

13:00

Nick

Should it be illegal?

13:03

Logan

No. I mean, it would be like saying porn should be illegal, you know, which is.

13:07

Nick

Yeah.

13:09

Logan

No. Should it be illegal? Should it be celebrated like it is now? That's the difference. And I think it's very celebrated and I think it's fucking with a lot of people.

13:21

Nick

Yeah. But I think when it's made legal, it's Hard not to. Well, especially in the. The epoch we are in right now of society where, you know, you can't. There's no. Like, being a slut is like a cool thing.

13:37

Logan

Yeah, yeah. It's totally reversed now.

13:40

Nick

It's like, totally the reverse of what evolution should be.

13:45

Logan

To be fair, it's only a cool thing to other women generally. It's not really a cool thing to most guys.

13:49

Nick

Yeah, yeah.

13:52

Logan

Because it's, you know, it revolves around this kind of empowerment idea and all that kinds of stuff. So. Oh, if you're a slut that means you are taking. You. You take control of yourself or whatever. It's like, okay. Or you could have become a doctor.

14:08

Nick

Yeah, yeah.

14:08

Logan

Taking control of yourself.

14:09

Nick

There was a really famous Indian American girl who was like. I think she was famous on YouTube for having this insane IQ and being into physics. Do you remember that? And she just quit. She quit school and just did OnlyFans.

14:21

Logan

Because it's showing where our cultural values are in a sense.

14:25

Logan

Right?

14:25

Logan

It's like, what makes the most money? Oh, selling my asshole online. Okay.

14:31

Nick

I mean, it also makes you question, like, how bad is Al Qaeda? You know what I mean?

14:37

Logan

Like, in that way.

14:38

Nick

Or like Iran.

14:39

Logan

Yeah.

14:40

Nick

You know, I mean, like, where they. And it's funny because, you know, we try to push our values on a lot of these Middle Eastern countries, but they don't want. This is what they don't want.

14:50

Logan

Yeah, yeah.

14:51

Nick

That's why this is America.

14:52

Logan

This is why they're so. Actually, this.

14:53

Nick

Yeah, yeah, yeah.

14:54

Nick

I mean, that. That's extreme on a different side. You know what I mean?

14:58

Logan

But this kind of stuff is. Do you. Do you. What do you think about it? Do you think it's more positive than negative? Is it corrosive? Is it.

15:08

Nick

Of course it's more negative than positive. Of course.

15:10

Logan

It's corrosive, then.

15:12

Nick

Yeah, yeah.

Logan

Corrosive is a great word.

15:12

Nick

It's. There's not. I mean, I'm trying to think, what type of situation would I start paying for that?

15:22

Logan

Yeah.

15:23

Nick

Like, don't get me wrong, I. If you look at my Instagram feed, there's. There's hot chicks on my Instagram feed.

15:29

Logan

Yeah. Because Instagram understands what OnlyFans has done in that sense. Like, it's. It's. Who's gonna pay for it? Is it. You know, it is gonna be a bunch of guys, so.

15:42

Nick

Yeah.

15:42

Nick

Yeah, but why would I look at it on Instagram? I guess I don't look at. Look at it that seriously. Like, I'm. You understand what I'm saying?

15:50

Logan

Yeah, but they're all on there.

15:52

Nick

Yeah, yeah, but I'm not.

15:53

Nick

Yeah, yeah.

15:53

Nick

But I'm like, I'm gonna pay for this. I'm gonna go home today.

15:56

Logan

Yeah, well, so it's. It speaks to a very specific type of guy.

15:59

Nick

Which there happens to be a lot of.

16:01

Logan

Which there happens to be an epidemic of.

16:03

Nick

Yeah, right.

16:04

Logan

Like these guys that are just. I mean, this. It's too big of a topic to discuss in this podcast. But it is. The state of masculinity in the world right now is a little rough, to say the least.

16:21

Nick

And we could do a whole nother episode on that.

16:23

Logan

People are just checking out and--and where do they check into? They check into a girl online that says, you're great, honey.

16:32

Nick

Well, wait, wait. Like one more year, and then it will be all AI. They won't even need to be girls.

16:39

Logan

Yeah. Which is insane.

16:40

Nick

It's crazy. I told you. I met a guy who does it with AI, and he's. He doesn't like explicitly say it's AI. If--if I was a guy, I would know. So I can't tell if the customers know, but he makes like 70 grand some months.

16:55

Logan

I don't. He.

16:56

Nick

You mean he programs. He programs a fake? Like he runs an AI chicks--

17:00

Logan

On OnlyFans?

17:02

Nick

Yeah.

17:04

Logan

I mean, that's insanity. That's just--

17:06

Nick

I mean, it's basically just giving up on--

Logan

Humanity.

Nick

Sexual reproduction.

17:10

Logan

It's giving up on humanity.

17:11

Nick

Yeah, yeah.

17:12

Logan

I mean, reproduction is a part of being human.

17:16

Logan

Well. Yep, that's it.

17:19

Logan

That's what we're working with these days.

17:21

Nick

Yeah, yeah.

17:23

Logan

So navigate wisely, people.

17:26

Nick

Yeah, yeah.

17:27

Nick

Well, it's also really funny because some straight, like, good looking guys have it and it's just gay guys that buy it.

17:32

Logan

Yeah, yeah, of course.

17:33

Nick

Yeah. Girls. Girls don't need that.

17:35

Logan

I mean, we men are the demographic for this market, so.

17:40

Nick

And we're so dumb, aren't we?

17:42

Logan

We're so simple.

17:43

Nick

Yeah.

17:43

Nick

You know, we're so simple.

17:45

Logan

But hey, guys, don't worry. Nick and I would never do OnlyFans together. Wait, what? Yeah, I mean, pay for it.

17:53

Logan

Yeah.

17:53

Nick

I mean, yeah.

17:56

Nick

I would be Sauron and--and he'd be Saruman.

17:59

Logan

Yeah.

18:01

Nick

His tower.

18:03

Logan

What?

18:03

Logan

What?

18:04

Nick

The Two Towers?

18:04

Logan

What is it? That's what we'll call it. Yeah. What is this tower called? Or thank or thank--

Nick

Or Stank.

Logan

It's gonna be about to be or Stank. All right, let's move on to terms.

Terms

18:22

Nick

Nippy means just chilly.

18:25

Nick

And we're joking because, like nipple is, you know, When. When it's cold, your nipples get hard. I don't think it comes from that. I think nippy is just nippy. Kind of like it hurts.

18:36

Nick

Right.

18:37

Nick

When it's, like, nippy outside, it almost is, like, so cold. It kind of burns you a little bit.

18:41

Logan

Is that? Yeah. I. I'm never really. I've really. Never really known, I suppose, but close enough. It just means it's chilly, it's cold, it's nippy.

18:51

Nick

How about pulling hair? That means you're just so stressed out, you're like. It's a metaphor.

18:56

Logan

A couple days ago, I--I didn't even. I probably only slept four hours because I was stressed. I couldn't even get to sleep because of stress, and I probably woke up early because of the stress of not getting this thing done.

19:08

Nick

That's pulling hairs. Yeah.

19:09

Logan

Yeah.

19:10

Nick

Some people also say it's like pulling teeth, too.

19:13

Nick

Although that means. That's pulling teeth. Means it's really difficult.

19:17

Logan

Yeah. Pulling teeth is like trying to convince someone or--

19:20

Nick

Yeah.

19:21

Logan

And--and they're just not getting it.

19:24

Nick

Yeah. Bulking up just means putting on muscle or putting on weight. You see it a lot with the gym.

19:29

Logan

Yeah. And Nick's bulking up because he's on his Ninja Turtle arc.

19:34

Nick

Arc.

19:35

Nick

Arc is an arc of a story, like a beginning, middle, end. So when you think arc of a character, like a hero arc, he was weak, he worked really hard, things sucked, and then he became a hero. So it's just a. It's a slang people use now, like his clown arc or his Sheriff Nottingham arc or.

19:53

Logan

Yeah, yeah. It's always in reference to something specific like that. But an arc. Arc. Arc, not ark. And it's. You know, it's a curve.

20:05

Nick
Yes.

20:05
Logan
Everyone goes up and then they go down. That's the arc, actually.

20:09
Nick
A parasocial, which. I don't know what that means.

20:11
Logan
It just means you have a relation. Like, you have. You think if there's someone you watch online all the time, you watch them all the time to a point where you feel like you know them.

20:26
Nick
Yeah. That pretty sick.

20:27
Logan
And they don't know you.

20:28
Nick
