- Calypso Coral, Pale Papaya, Pear Pizzazz – scraps for die cutting
- Basic White – scrap for sentiment
- DSP – 1 ¾ x 3 ½
- Ribbon – 5 ½ inches

Instructions:

1. Using the Tag Topper punch each end of the 2 x 11 pool party, then score on each end at 6 7/16. Burnish each score with bone folder.
2. Score the 3 ½ x 3 ½ square at ¾ on all sides. Cut up the to score line on 2 sides opposite each other, taking a little sliver out of the corners.
3. Using the smallest circle center on the square and run thru die cutting machine. Fold corners in and put glue on each side. Bring sides with glue up to make a box. Put glue on 2 opposite sides of the box and put in between the front and back of the holder.
4. Die cut all the pieces of the daffodil, stem and leave and build the flower as picture shows. I took the blending brush and calypso coral ink and blending on the pale papaya cardstock to give a little extra color.
5. Adhere the flower to the DSP and adhere that to the front of the holder.

6. Stamp sentiment with black ink and cut out with the smallest die shape in the dies.
7. Using dimensional adhere over flower, adhere butterflies as shown.
8. Put pool party ribbon thru both holes in the topper and then tie a bow with white twine.
9. Put Cadbury Egg in the hole.
