4chan

When you see twintails and nyan-passu
Welcome to the shithole where your dreams come true
And anime music on a friday night
Brings a smile to your face and a tear to your eye

Sing a song about the 4chan
The only place I feel at home
Sing about the way a faggot
Gets cucked every night and morn

Where you find your waifu and you hold her tight
And you don't know wrong from right
Sing a song about the 4chan
Sing a song about my life

Here Watching Anime

It's no secret come lately that I've been avoiding
All of my family back at home
Just me, the CPU
And nothing to do
Cause I'm always forever alone

Every day, it seems
I sit around and cry
Cause I'm failing my classes
My room smells like asses
And I'm feeling so dead inside

Yeah, I waste all my days
Just browsing YouTube
I catch up on memes
Cause there's nothing to do
If you ask about me, there's nothing to say
I'll be here watching anime

Well, I look through the window
The world’s looking yellow
And everything is kind of bleak
I was once pretty social
Till girls became hostile
And that became the death of me

Had a dream or two
Could’ve turned to reality
But the world sees me dead
Might as well stay in bed
And live my life as a NEET

Yeah, I waste all my days
Just browsing YouTube
I catch up on memes
Cause there’s nothing to do
If you ask about me, there’s nothing to say
I’ll be here watching anime

Yeah, I’m stocked on junk food
My friends don’t exist
I’d have a girlfriend
If it wasn’t for zits
People say to get help but my future is grey
I’m still here watching anime

There are plenty of times that I'm willing to try
To leave here and never return
But this beta can't handle it so I just sell it
And let the dream crash and burn

Now I waste all my days
Just browsing YouTube
I catch up on memes
Cause there’s nothing to do
If you ask about me, there’s nothing to say
I’ll be here watching anime

Yeah, I’m stocked on junk food
My friends don’t exist
I’d have a girlfriend
If it wasn’t for this
People say to get help but my future is grey

I’m still here watching anime

Always here watching anime

We Are the Weebs

See the normies walking down the street
Looking at their phones and not for tweets
Catching all the Pokemon they can
They let their colors shine

They are the weebs
They are the weebs
They are the weebs
Yeah, they are the weebs

All the kids are hanging at the 'Stop
They can't wait to let their dollars drop
Buying games with some from anime
That's when their colors shine

They are the weebs
They are the weebs
Kids are the weebs
Yeah, kids are the weebs

Go on /a/ and post another thread
All the anons wish that you were dead
But you know when all is done and said
We let our colors shine

Cause we are the weebs
We are the weebs
We are the weebs
Yeah, they are the weebs

We are the weebs
We are the weebs
We are the weebs
All you losers, you are the weebs
(We are the weebs)
You know you admit you're a weeb
(We are the weebs)

Jump in, take a seat
(We are the weebs)
Oh yeah, here we go!

We are the weebs
We are the weebs
We are the weebs
We are the weebs
We are the weebs
We are the weebs

Light Your Heart Up

'Cause I see you feeling down
I've be trying to calm and fade it
But you don't wanna turn around
Teenagers so complicated
Come on, come on
Ain't no one who can take your place
Oh baby
Please let me see you smiling

It's such a pain in the neck
We have homework by tomorrow
I know you're not a person who would be worn out with sorrow
To fly away from your past is not so easy
But dizzy

Keep your faith, raise your lively face
Just get rid of your broken wings
You're strong enough by now
I'll be your spark when you're lost in the dark
And let me
Be your sun, be your match to

Light your heart up
Light your heart up
If you want to
Light your heart up

Beside you leads a winding road
There, some troubles make you stumble
But you were gonna beat them all
Loner girl is hard to crumble

I know, I know
Ain't no one who can touch your heart
But baby
Please let me see you crying

You're sort of square, why don't we
Ditch that class, it's time to chill out
I know you're not a person who would get excited and shout
The sky above your thick cloud is not so gritty
But pretty

Keep your faith, raise your lively face
Just get rid of your broken wings
You're strong enough by now
I'll be your spark when you're lost in the dark
And let me
Be your sun, be your match to
Light your heart up

Keep your faith, raise your lively face
Just get rid of your broken wings
You're strong enough by now
I'll be your spark when you're lost in the dark
And let me
Be your sun, be your match to
Light your heart up
Light your heart up
If you want to
Light your heart up

Sing it now, sing it loud
Shalalalalala
I'm your buddy, all the way
You may thank me day by day
Sing it now, sing it loud
Shalalalalala
I'm your buddy, all the way
You may thank me day by day

My Only Wish This Year

Last night, I took a walk in the snow
Couples holding hands, this really blows
Seems like everyone but me is in love
Santa, can you hear me?

Went to my room to find someone online
But what I found was one of a kind
I know exactly who I want this year
Santa can you hear me?

I want my baby (baby)
I want someone to love me, someone to hold
Maybe (maybe) she'll be all my own, we'll see how it goes

Santa can you hear me?
I have been so good this year
And all I want is one thing
Tell me my true love is here
She's all I want, I believe she'll be all I ever need
I'll be waiting here
Santa, that's my only wish this year

Christmas Eve, I just can't sleep
My chance at love is pretty steep
Well, I heard that you're coming to town
Santa, can you hear me?

I really hope that she comes my way
Cause dating 3D just sounds pretty gay
Oh please, make my wish come true
Santa, can you hear me?

I want my baby (baby)
I want someone to love me, someone to hold
Maybe (maybe) we could be alone and we'll rock like FLOW

Santa can you hear me?
I have been so good this year
And all I want is one thing
Tell me my true love is here
She's all I want, my heart grows
For a waifu like Holo
I'll be waiting here
Santa, that's my only wish this year

I hope my letter reaches you in time
Bring me love I can call all mine
Cause I have been so good, so good this year
Santa, you are my only hope
She's all I want from my computer's glow

Santa can you hear me?
I have been so good this year
And all I want is one thing
Tell me my true love is here
She’s all I want, I think she
will be Mio or Yui
I’ll be waiting here
Santa, that’s my only wish this year

Oh Santa
Bring my waifu baby
Oh Santa

Cause she’s all I want, all I know
Is she isn’t Kirino
I’ll be waiting here
Santa, that’s my only wish this year
Santa, that’s my only wish this year

Before it's Christmastime

In the post office where we met.

I was surprised so much,

because everything fits now.

I gotta find the strength to send this out

But it's my first time, you're the only one

that I've packed like this.

Shipping costs aren't fun.

It's ready to send.

So please take care.

They try to make the box crush.

But we have got more cushion than before.

Don't lose your way

to anon

Please make it there as one.

Don't be afraid,

my assign

It's gonna get there right on time.

Harbor this deep secret.

It makes you so blue.

Don't open this gift

before it’s Christmas time

In the post office where we met.

I was surprised so much,

because everything fits now.

I gotta find the strength to send this out

But it's my first time, you're the only one

that I've packed like this.

Shipping costs aren't fun.

I gotta find out who sent this gift

It just showed up in my mailbox

I gotta find out who sent this gift

I think it just might be an anon…

Please let him be in the thread

Gotta tell him it’s been shipped

The cards might be a bit late

But I assure you, there they go!

Don't lose your way

to anon

Please make it there as one.

Don't be afraid,

my assign

It's gonna get there right on time.

Harbor this deep secret.

It makes you so blue.

Don't open this gift

before it’s Christmas time

CHARLIE BROWN CHRISTMAS VIDEO

Mami, Did You Know?

Mami did you know that this little girl
Would come to save us sinners?
Mami did you know that this little girl
Would shun the nonbelievers?
Did you know that this little girl
Has come to make you new
This child that you're protecting
Is now protecting you

Mami did you know that this little girl
Would defeat Walpurghist Night
Mami did you know that this little girl
Would wish to save a cat's life
Did you know that this little girl
Has walked where magi trod?
And when you fight among this lady
You're fighting among god?

The weak will grow, the strong will save
The dead will rise above
Magical girls around the world
Will know of Madoka

Mami did you know that this little girl
Is the true law of cycles
Mami did you know that this little girl
Would do what you're not able?
Did you know that this pink haired girl
Is Homu's only friend?
This child is the beginning
And she is the end

Love My Waifu

Man, already Valentine's
I'm always single at this time of the year
I'd do anything to run away and disappear
Bored. Bored straight to the core
So just fake loving 2D
But I think it is becoming more
What the hell is happening to me
And I realize

If you ask me what I'm doin', I would say I'm being funny
I'd lie and say that I am not lonely
But I stay home and I sit down at a table set for two
And finally I'm forced to face the truth
No matter what I say I love my waifu

Damn, how did things get this way
Life did not turn out that well
I used to have friends back in the day
I'm a shell of my former self

I, I'm reclusive
No one wants to hold me
But deep inside I have love to give
I don't wanna be so ronery

And I wasn't happy until her

If you ask me what I'm doin', I would say I'm being funny
I'd lie and say that I am not lonely
But I stay home and I sit down at a table set for two
And finally I'm forced to face the truth
No matter what I say I love my waifu

If you could send me back to before
I would say keep all your bitches and your whores
I would still wait for my soulmate
Even though they she ain't real
That fucking feel...

If you ask me what I'm doin', I would say I'm being funny
I'd lie and say that I am not lonely
But I stay home and I sit down at a table set for two
And finally I'm forced to face the truth
No matter what I say I love my waifu

PADORU DOOM VIDEO

Guns Don’t Kill People (Gamers Do)

Come out with your hands on your head!
Turn the video-game off and step away from the computer!
Put the disc down, leave Mr. Burch alone!
Turn it off!

[Verse 1]
Guns don't kill people, gamers do,
Ask any writer working for Kotaku,
It's a fact, the lifestyle makes you an asshole,
Turns you to a backwards, sarcastic, mad troll,
Don't believe me? Bro it's true,
The crime rate has risen ever since PS2,
And it's rising, with the pro PS4,
Little kids cutting off their heads with chainsaws,
San Andreas made my mum say nagger,
If I read books then I wouldn't pull triggers,
But I didn't, now my mind is sick,
Playing Saints Row made me wanna hurt kids,
And women, no longer safe in their spaces,
Resident Evil 5 made me racist,
Listen up, if you wanna be famous,
Guns don't kill people, just gamers!

[Chorus]
Guns don't kill people, gamers do
Sound of the triggered
Bloo Bloo Bloo
Guns don't kill people, gamers do
Sound of the triggered
Bloo Bloo Bloo

[Verse 2]
Guns don't kill people, gamers do,
I seen it in an interview on BBC news,
Took more lives than swine and bird flu,
Guns blazin' like Max Payne with kung fu,
All the way from New York to Smethwick,
Kids are playing shooting games with Anders Breivik,

Turns 'em psychotic, and obsessive,
Tell Jack he was right, it's a fucking epidemic!
That guy in Madden you called cancer,
Turns out he's the next Adam Lanza,
It's a fact, all suicide bombers,
Played Warcraft with Elliot Rodgers

[Chorus]
Guns don't kill people, gamers do
Sound of the triggered
Bloo Bloo Bloo
Guns don't kill people, gamers do
Sound of the triggered
Bloo Bloo Bloo

[Verse 3]
Guns don't kill people, gamers do,
I'm a fucking gamer and I might kill you,
Keyboard warrior, lost in the Matrix,
Name's not important, only my Hatred,
Just say no, don't be persuaded,
They're all dangerous no matter how they're rated,
Every player has lost control,
Even Gabe Newell has lost his soul,
They only care about bank figures,
Shiggy and Kaz turning children into killers,
Parents and schools and culture are blameless,
Guns don't kill people, it's just gamers!

[Verse 4 (sort of)]
Three, six, my foot, your dick,
Nut shot, high score, reblog, so sick,
Let's play, streamers, watched by the youth,
Four year old killers trained by youtube,
All they feel is rage and anxiety,
They're gonna be the downfall of society,
Destructive like fire, addictive like meth,
Games are more deadly than fucking death,

[Chorus]
Guns don't kill people, gamers do
Sound of the triggered
Bloo Bloo Bloo
Guns don't kill people, gamers do

Sound of the triggered
Bloo Bloo Bloo

[Verse 5]
Guns don't kill people, gamers do,
They started the slave trade and World War 2,
Gamers made aids and nuclear war,
All because they wanted to get high scores,
It's undeniable, gamers are violent,
Even Bin Laden played Yoshi's Island,
Liars, thieves, murderers, rapers,
Guns don't kill people, just gamers!

[Chorus]
Guns don't kill people, gamers do
Sound of the triggered
Bloo Bloo Bloo
Guns don't kill people, gamers do
Sound of the triggered
Bloo Bloo Bloo

Games!
Killers!
Guns!
Triggers!
Mario is a Nigga!
Games!
Killers!

Saturday Night
It was a Saturday night, I was full out normie on a date
Hugging, dancing, singing, something losers just can't relate
There's nothing quite as lonely as when you join what you have mocked
And now there's anime in the background and the door is locked

So why does everybody love Saturday night
Smell of Mountain Dew and the chips on your thighs
I keep thinking about the day of when she said her last goodbye
So tell me why is everybody so in love with Saturday night

I think i'm going crazy, cause my figures talk to me at night
And my dating sim waifu loves me with pure delight
I wish I could throw this couple in this anime into a lake
Cause i've learned falling in love is all a damn mistake

Why does everybody love Saturday night
Smell of Mountain Dew and the chips on your thighs
I keep thinking about the day of when she said her last goodbye
So tell me why is everybody so in love with Saturday night

I could get out someday
And go find another love
But I know to stay away
Cause I was one of those who loved Saturday night

Why does everybody love Saturday night
Smell of Mountain Dew and the chips on your thighs
I keep thinking about the day of when she said her final goodbye
So tell me why is everybody so in love
It's best that I just never fall in love
Why is everybody so in love with Saturday night

Oh yeah, Saturday night

Baby, Be My Hentaifu

So here we are, back in my room
Past episode 1 and we're moving to 2
Cause the doors are all locked and you're so damn hot
And now I'm ready for this session to start

Baby, be my hentaifu
Baby, show me what you do
Be the girl that my dream's about
I love to see it go in and out
You know I really love to watch you dance
A little mattress dancing
I feel like my waifu is a two compared to you
Baby, be my hentaifu

Girl, fast or slow, rape or vanil'
It don't have to make sense and I doubt it will
But as long as it's you, babe, I'm fappin
And when it's over, just play it again

Baby, be my hentaifu
Baby, show me what you do
Be the girl that my dream's about
I love to see it go in and out
You know I really love to watch you dance
A little mattress dancing

I feel like my waifu is a two compared to you
Baby, be my hentaifu

Baby, be my melody
I'd love to see in episode 3
Don't be shy, baby, set it free
I love to see it hit you really down deep

Baby, be my hentaifu
Baby, show me what you do
Be the girl that my dream's about
I love to see it go in and out
You know I really love to watch you dance
A little mattress dancing
I feel like my waifu is a two compared to you
Baby, be my hentaifu
I feel like my waifu is a two compared to you
Baby, be my hentaifu

Out of Touch

Shake it up is all that we know
Using the bodies up as we go
I'm waking up to fantasy
The shades all around aren't the colors we used to see
Broken ice still melts in the sun
And times that are broken can often be one again
We're soul alone
And soul really matters to me

You're out of touch
I'm out of time
But I'm out of my head when you're not around
You're out of touch
I'm out of time (time)
But I'm out of my head when you're not around
Oh oh oh oh oh oh

Reaching out for something to hold
Looking for a love where the climate is cold
Manic moves and drowsy dreams
Or living in the middle between the two extremes
Smoking guns hot to the touch
Would cool down if we didn't use them so much, yeah
We're soul alone
And soul really matters to me

Too much

You're out of touch
I'm out of time
But I'm out of my head when you're not around
You're out of touch
I'm out of time
But I'm out of my head when you're not around
Oh oh oh oh oh oh

Oh oh oh oh oh oh

You're out of touch
I'm out of time
But I'm out of my head when you're not around
You're out of touch
I'm out of time
But I'm out of my head when you're not around
You're out of touch
Time
But I'm out of my head when you're not around
You're out of touch
I'm out of time

Learning Japanese

My games have pictures
And stories too
they lack in gameplay that much is true
I stay up playing when there's nothing else to do

Visual novels
JRPGs
They are my favorites, call me a weeb
And now they take up my whole library on steam

My games have pictures,
stories and pictures
I play them all night just to pleasure myself
I only hate the fan translations
that make the dialogue get sent right to hell

the one solution I can tell
is learning moonrunes by myself

and now I'm learning Japanese
I think I'm learning Japanese
I really think so
learning Japanese
I think I'm learning Japanese
I really think so
x2

my games have pictures
stories and pictures
I used to play them back on my PSP
but now that Sony's in california
they cancel everything that could be "sexy"

And now it's all out of my hands
So I'll be moving to japan

and now I'm learning Japanese
I think I'm learning Japanese
I really think so
learning Japanese
I think I'm learning Japanese
I really think so
x2

No sex, no bums, no thighs, no women
No fun, no tits, no games on my PS4
all my favorite series are now in danger
nothing seems to slip past the censor's radar, anymore

and now I'm learning Japanese
I think I'm learning Japanese
I really think so
learning Japanese
I think I'm learning Japanese
I really think so
X4

Where Are You, Christmas?

Oh, hmm
Where are you Christmas
Why can't I find you
Why have you gone away
Where is the laughter
You used to bring me
Why can't I hear music play

My world is changing
I'm rearranging
Does that mean Christmas changes too

Where are you Christmas
Do you remember
The one you used to know

I'm not the same one
See what the time's done
Is that why you have let me go

Christmas is here
Everywhere, oh
Christmas is here
If you care, oh
If there is love in your heart and your mind
You will feel like Christmas all the time

Oh, I feel you Christmas
I know I've found you
You never fade away, oh

The joy of Christmas
Stays here inside us
Fills each and every heart with love

Where are you Christmas
Fill your heart with love

Waifu Baby

Waifu Baby
Just come on out the computer screen
For me
Been a awful good boy
Waifu Baby
Just come out the computer tonight

Waifu Baby
You looked so good in episode 2
Light blue
I knew I had to have you
Waifu baby
So come out the computer tonight

Think of all the fun we've missed
Think of all the times that we haven't kissed
Next year I will be just as good

And still be senpai in the sheets

Waifu honey
Will you come help me eat this cake
I baked
With your pic right on the side
Waifu baby
And come out the computer tonight

Waifu honey
There's still one thing I need to decide
Which bride
Will break from my harem
Waifu honey
So come out the computer tonight

Waifu cutie
I can give you all that you need
Your greed
Is what I can provide
Waifu cutie
So come out the computer tonight

Come and bless me with your presence
I don't even care if you're kind of dense
You could attract all of the guys
And I'd still want you here by my side

Waifu baby
I had to get you one little thing
A ring
So say you will be mine
Waifu baby
And come out the computer tonight

Come out the computer tonight
Come out the computer…tonight.

/v/idya Gaems

I've had fifty Steam friends
They start to get blurry
Nine times out of ten
They'll be gay or a furry
A /pol/ thread is up on the front page of /v/
A few hundred replies guaranteed

I don’t have a job
No hope for a future
All I can trust
Is my custom computer
Seems every time that I wish I was dead
I just go play some vidya instead

Each game is unique
It’s a perfect diversion
It’s all that I need
To forget I’m a burden
The Steam sale will help set me free
From my dad’s disappointment in me

Vidya games
Grab that controller
Hide from the pain
You can forget
Your worries and frets
Let’s play Risk of Rain
Vidya games
Vidya games

Care for a turn?
Is your mommy okay with you playing all this crap?
Not anymore.

When I was a kid
My parents would smile
They hoped that I’d grow
Into something worthwhile
They learned to accept it that I’m just depressed
Learned that I’ll never find a gf

When I step outside I’m
Surrounded by normies
No point even trying
Just hope they ignore me
There’s no place for a loser like me
So I’d rather just play Witcher 3

Vidya games
Download some mods

Escapism pays
Play Mount & Blade
Doubt I'll ever get laid
It's better this way

Vidya games
Switch to hard mode
Don't show any shame
Just try not to wish
That you weren't alive
Just try to hold out
Until DMC5

When you're sad and withdrawn
You don't have to go on
A shooting rampage
Play vidya games
Vidya games
Go play some vidya games
Try it

Stoned in Love

Those summer nights, I do remember in my youth
I do recall those were the best times most of all
Vidya games with the girl next door
Made a bond that would last a lifetime
She'd come on over to watch anime
After dark, we smoked to the moonlight

Those summer nights, i'm missin
Stoned in love
Can't help my teenage feelings
Stoned in love

Old Genesis, Super Nintendo till the morn
She'd kick my ass just cause i'd let her all the time
Vidya games with the girl next door
Never knew where our lives would lead us
Oh, the dream would end, she moved away
But golden girl, i'll keep you forever

Those summer nights, i'm missin
Stoned in love
Can't help my teenage feelings

Stoned in love

Those summer nights, i’m missin
Stoned in love
Can’t help my teenage feelings
Stoned in love

Stoned in love
Stoned in love
Stoned in love
Stoned in love

The End of my Childhood

Remember when our shows were found
On a floppy disk and .avi
We didn't care how we got ahold
Of every anime we could find
When all of the good old days go by
And we've been spoiled by those simplier times
Fansubbers argued all the time
But we still watched their shows

And now everything is dull and grey
Cause time waits for no man
I'll sit and watch some Lucky Star
Like it's 2007
Some shows today are just not the same
The art is shit, the story's lame
Let it be known, it's understood
That this is the end
This is the end of my childhood

Oh how we loved those early threads
The board of /a/ was mean and young
We hated Naruto the most
Or to be simple, anything by Shonen Jump
Yugi always pulled that number 5
Yeah, we've been spoiled by those simplier times
The culture changed before ours eyes
Cause Moot, he had to go

And now everything is dull and grey
I wish I could go back again
I'll sit and watch some Code Geass
Like it's 2007

Some shows today are just not the same
The art is shit, the story's lame
Let it be known, it's understood
That this is the end
This is the end of my childhood

The good old days never last
Cause they pass you by so fast
But somewhere back in the archive
The threads where we spent most our lives
I'll always remember this
Yeah those anons, i'm gonna miss
So may your memories stay bliss
And don't you say goodbye
Some shows today are not the same
The art is shit, the story's lame
Let it be known, it's understood
That this is the end
This is the end of my childhood

Komm Susser Todd

I know, I know I've let you down
I've been a fool to myself
I thought that I could
Live for no one else
But now through all the hurt and pain
Its time for me to respect
The ones you love
Mean more than anything.

So with sadness in my heart
I feel the best thing I could do
Is end it all
And leave forever
Whats done is done, it feels so bad
What once was happy now is sad
I'll never love again
My world is ending

I wish that I could turn back time
'Cause now the guilt is all mine
Can't live without the trust from those you love.

I know we can't forget the past
You can't forget love and pride
Because of that it's killing me inside

It all returns to nothing, it all comes
Tumbling down, tumbling down, tumbling down,
It all returns to nothing, I just keep
Letting me down, letting me down, letting me down,

In my heart of hearts,
I know that I could never love again
I've lost everything
Everything, everything
That matters to me,
Matters in this world

I wish that I could turn back time
'Cause now all the guilt is mine
Can't live without
The trust from those you love
I know we can't forget the past
We can't forget love and pride
Because of that, its killing me inside

It all returns to nothing, it all comes
Tumbling down, tumbling down, tumbling down
It all returns to nothing, I just keep
Letting me down, letting me down, letting me down
It all returns to nothing, it all comes
Tumbling down, tumbling down, tumbling down
It all returns to nothing, I just keep
Letting me down, letting me down, letting me down

Alone for Christmas (With My Waifu)

I don't do a lot on Christmas
There's nothing more that I can say
Maybe I'll go play some vidya
Waste my time on anime
People say this life is wrong
Can't find a place where I belong
Man, I'm feeling blue
Alone for Christmas with my...
Waifu

I don't do a lot on Christmas
These things just are not for me
Don't care that I have no friends
Or no love from family
I don't need to hold somebody
That's something I'll never get
I just turn on my computer
See her and my life is set
I just want her for my own
More than you could ever know
She's my dream come true
Alone for Christmas with my waifu
Oooh baby

That's how I always spend Christmas
Blowing kisses at LCDs
She is always melting my heart
Even though I am 3D
I ordered a body pillow
I can't wait till it gets here
Gotta order more figurines
She gives me just so much cheer
'Cause I just want her here tonight
I squeeze my pillow oh so tight
What more can I do
Baby alone for Christmas with my waifu
Ooh baby

Man, my screen is shining
It warms me with it's glow
I take pictures with some food
There's one thing that I know
I'm feeling oh so happy
If only you could see me
Can't you see it's meant to be, I fell in love with 2D
With her, I am never lonely

Oh I don't want a lot for Christmas
This is all I'm asking for
Everybody love your waifus
And ladies love your husbandos
Oh I just want her for my own
More than you could ever know
Make my wish come true
Alone for Christmas with my waifu

Your Song

It's a little bit chilly during Christmas time
And i'm one of those who stay comfy inside
With my computer, my TV aglow
I lurk on waifu threads while it starts to snow
Don't have a girlfriend, sigh, no imouto
Or a love that some anons get to call their own
I know it's not much but it's the best I can do
My gift is my song and this one's for you

And you can tell everybody this is your song
It may sound pretty rushed, but now it's done
I hope you don't mind, I hope you don't mind that I put down in words
How lovely Christmas is while you're in the world

I've seen all your show, all the episodes
But a few of the spin offs, they have my mind quite blown
But the tree's been quite bright while I wrote this song
It's for waifus like you that keep it turned on
So excuse me if I bake you a cake or two
If I cook a turkey or a ham just for you
And I would, if I could, put you on muy tree
Cause you'd be the brightest star i've ever seen

And I would tell everybody this is your song
It may sound pretty rushed, but now it's done
I hope you don't mind, I hope you don't mind that I put down in words
How lovely Christmas is while you're in the world

I hope you don't mind, I hope you don't mind that I put down in words
How lovely Christmas is while you're in the world

Take Me Home

Take a look at these kids
Roaming 'round convention halls
They make me feel old and grey
Like I don't belong at all
There's a fire that was burning
Deep inside my soul
But now those days are over
And all that's left is a hole

But I
I don't mind
No I
I don't mind

Seems like it was yesterday
I was young like them
I would see Naruto
And some Eureka Seven
I don't know where the years went
but I know they passed me by
I'm no longer their target
So i'll turn around and fly
Cause I
I don't mind
No I
I don't mind
No I
I don't mind

So take, take me home
'Cause i'm gone forever
Take, take me home
'Cause i'm gone forever
Take, take me home
Oh Lord,
Cause i've been attending all my life
And now it's up to you

Seems the con scene has changed
Ever since 2009
And though I pass the torch
Those memories, forever mine
I don't have no regrets and
I don't wish I could repeat
Cause i've had all my fun here
And i'll still remain a NEET
So I, I don't mind
No I, I don't mind
Oh I, I don't mind
No I, I don't mind

So take, take me home
'Cause i'm gone forever
Take, take me home

'Cause i'm gone forever
Take, take me home
'Cause i'm gone forever
Take, take me home, oh lord
