Community Summit / Discussions

Proposal of Topics

Please, list and add the topics you would like to be discussed to help finding proper solutions for a better, bigger and healthier Community:

You should include the following information – 1. Scope – what is in and what is out of scope 2. Constraints – what are we constrained by 3. Expected output – what we intend to produce at the end of the summit.

- DrupalCon Europe
    - What do Europeans what from a DrupalCon?
    - How to proceed with DrupalCon in Europe?
- Community Governance
    - Which were the results of the community sessions and surveys this year?
    - How do we want to organise as a community in Europe?
    - How to prepare for the Drupal Governance Summit?
    - How exclusive does a community need to be to be inclusive?
    - Should the code of conduct focus on values on top of actions?
- Community Tools and Platforms
    - Which Drupal Communication Platforms should we use? – IRC, Rocket, Matrix, Slack. How we bridge our communications together?
    - Where do we want to develop Drupal? – Drupal.org, GitLab, GitHub (Drupal development and collaboration workflows)
    - Reboot the Drupal User Groups. Start local DUGs, with streaming to each other. Makes it easier to find sessions, reach is bigger. Provide infrastructure for streaming/recording/QA.
- Education
    - Drupal Curriculum for Teenagers (proposed by Coding Girls)
- DrupalCamp Organizers
    - How do we organize DrupalCamps in Europe?
    - What can we do to improve the success rate?

- Is organizing DrupalCamps in Europe the same as it is in US?
- Can we collaborate with teams in the US so that we can re-use templates for organizing a DrupalCamp? (E.g. financials, catering, venues)

Agenda

10:00 Presentation

10:30 Groups organization

11:00 Design Thinking Workshop

-   Introduction to Design Thinking
-   Discovery Sprint
-   Design Sprint
-   Sketching
-   Pitching

Lightning talks?

In general a community summit starts very enthusiastic, then after lunch not so much progress is made, since this is quite a long day we would love to see some (2 or 3) lightning talks of 10 to 15 minutes after whom the teams continue working or have their brake.

17:00 Recap

Notes

Tickets:
https://www.eventbrite.com/e/drupalcon-vienna-summits-sprints-and-training-day-tickets-35139456059

Limited to 49 people.

Invite influential community people: Zsofi Major, ~~Rachel Lawson~~, Adam Hill, Jordana Fung, Michael Anello, Greg Dunlap, ~~Fatima Khalid~~, Cathy Theys, Jess Mybro, **Megan Sanicki**, Jam, Morton [propose someone here]

Task list:

-   Blog post in Drupal Austria Medium (https://medium.com/drupalat) presenting the Summit with the Agenda, purpose, goals, VIP people, etc.
-   Can you get @DrupalConEu to tweet about it for us?

- Create an email template to invite the relevant people and review it.

Milestones

~~Draft of the Agenda approved~~.

~~We just need to ask for more topics~~.

Send the invitations for the lightning talks.

Participate in the facilitation team:

Discussion take place in drupalAT.slack and [DrupalChat](#) in channel #community-summit (these channels are now linked :)
