

Secret Ingredient Banana Pudding

Serves: 1 Print

2 tbsp instant vanilla pudding mix

1 scoop (1/4) vanilla ice cream

1/4 milk (I used 1%)

1/2 banana, thinly sliced

3 [@nutterbutter](#) cookies

canned whipped cream, to taste

1. Microwave ice cream for 20 seconds until just melted. Add to a bowl with pudding mix and milk.

Whisk for 2 mins, then let stand for 5 mins.

2. Break cookies in half. To a short/wide glass, add a layer of broken cookie. Top with half the pudding, half the banana, and repeat the layers. Top with canned whipped cream, to taste. Garnish with crumbled cookie, if desired. Refrigerate for at least 1 hour before serving. Enjoy!
