

Group presentations - Deliverable 2

General information

- Presentations will be held physically in Java.
 - If you need any special arrangements, please contact the seminar teachers.
- We expect you to be present and watch the other presentations in your bulk (you have to be ready to present earlier or later than your assigned slot if needed)
- Make sure to bring at least one computer (HDMI port) per group so you can access your presentation slides.

Requirements

- Maximum 10 minutes (we will stop you if you exceed 10 minutes)
- Use PowerPoint/Google/etc slides.
- All group members must participate in the presentation.
- Presentation should sum up your key findings related to deliverable 2 (and 1 if relevant). If you have challenges or questions this can also be addressed.
