- Apart from the academics, interdepartmental sports events are organized to build a healthy relationship among the students.
- Students are encouraged to participate in various inter collegiate cultural activities to build social rapport with their peer group.
- Outreach programmes are arranged for the students by visiting nearby orphanages and old age homes to inculcate human values. While teaching subjects like web technologies, Java programming, and mobile application development the projects developed by the senior students guided by the faculty members are demonstrated in the classroom.
