“And another victory for Yuou!”, shouted the announcer as Yuou himself rotated his shoulder after a big punch, one that easily knocked out his opponent. He shouted out in victory and jumped with a smile on his face, landing, hitting a peace sign and leaving to the rest area.

“Yo! Boss! How was that?”

He sat down on a bench next to the short girl he was talking to, Jun, The Summoner, who turned her head from her phone to face the summon.

“G-Great! You did great, Yuou!”

And then she went back to her phone. Yuou himself looked up at the monitor with the match schedules and pulled out his own.

“Yo! Yuou! Jun! Nice seeing you two!”

As the two looked up at the voice, a man clad in a dark coat and a hat waved and walked to them.

“Yo! Rick! Been a while!”

“Y-Yeah! Nice seeing you again, Rick....”

The man, first name Richard, last name Richard, finally got next to them, putting up the brim of his hat and revealing his smile.

“Can’t believe you’re actually here, Rick. You got into top 100 finally?”

“Top 100? Pssh, that’s loser shit. I’m in the top 50 now!”

“N-Nice work, Rick! That’s....pretty impressive.”

“I can’t even tell if you’re ironic or not...Damn Top 5....”

"Anddddd people! We're back! Our first match of the night, The Unstoppable Summon, Yuou, VERSUS, The Great Brother Of The Night, Dracuratu!", shouted the announcer, and the lights went out. A dark, foreboding laugh filled the arena, bats coming from the shadows, all converging into An Evil Fucking Vampire, who threw away his cape, preparing for the battle, Dracuratu.

Yuou flew down to the arena, dust kicking up in a large cloud as he landed, completely obscuring him. A red light and a blue light, from opposite sides of the dust cloud, started to spin, turning the cloud into a tornado, the lights coming together and dissipating the dust, revealing Yuou in a fighting pose.

"Let's do this- Hey, don't I know you?"

"Yes, you do! You killed my brother, Nosferacard, by throwing him into the fucking sun! I've come here in his honor, to kick your stupid ass! I knew I'd meet you in this tournament eventually, and so, just as I predicted, here you are! And thus, you dirty mortal, I've come to defeat you! I'll consume every last drop of your blood, I'll break all of your bones! I'll throw *you* into the sun! You'll see what happens when you mess with the great vampire family!"

"Wow...Anyway, are we fighting now?"

The two flew at each other, Dracuratu trying immediately to bite Yuou, who punched him in the face, breaking his teeth and sending him flying. Dracuratu thought of transforming into a bat, but Yuou appeared in front of him and shot a point-blank beam, sending the vampire out of the arena.

"Huh....talk about lazy writing."

"OH, WHAT THE HELL?! HOW- WHY CAN HE DO THAT?! FUCK THIS! I'LL BE BACK, YOU DIRTY MORTAL!"

Dracuratu disappeared in a cloud of smoke, and Yuou pumped up his fist in victory, a cocky smile on his face. He walked back to the rest area.

"Jeez, talk about obsessed..."
