

What are your experiences with hospitals, and how would you rate the quality of care you received?

How do you think hospitals can improve patient care and satisfaction?

What do you believe are the biggest challenges hospitals face today?

How important is hospital cleanliness and hygiene to you, and what measures do you think hospitals should take to ensure it?

What role do you think technology should play in modern hospitals?

How do you feel about the cost of hospital care and its impact on patients?

What are your thoughts on the staffing levels in hospitals, particularly the nurse-to-patient ratio?

How can hospitals better support the mental and emotional well-being of their patients?

What are your views on the transparency of hospital operations and patient information?

How do you think hospitals should handle end-of-life care and support for terminally ill patients and their families?
