

SOLOMON AGABI

MEAL MANAGER

Email: solomonagabi@gmail.com

Sokoto, Nigeria

PROFILE SUMMARY

MEAL professional with 10+ years' experience across development, humanitarian, and emergency programs, spanning 10 projects.

Strong expertise in designing and implementing MEAL systems for multi-sectoral, multi-donor projects in health, nutrition, FSL, and WASH.

Highly skilled in data analysis, reporting, innovative M&E tools, and performance monitoring across diverse thematic areas.

Extensive experience with major donors (USAID, ECHO, FCDO, GAC, SDC) and advanced proficiency in DHIS2 across multiple Nigerian states

CORE COMPETENCES

- Effective Data Management and visualization software: Canva, Excel, and Power BI.
- Effective team collaboration and professional communication
- Proficient with the use of Microsoft Office (Excel, Word, PowerPoint, Outlook)
- Proficient with the use of Google Workspace (Google Docs, Sheets, Slides, Calendar, Forms, Meet, etc.)
- Proficient with data collection and coding tools: ODK/kobocollect, RedRose
- Effective Database Management like DHIS2, Kobocollect, and RedRose

WORK EXPERIENCE

MEAL Manager

October, 2024 – Present

Against Hunger Nigeria Mission (Humanitarian)

- Design and apply Monitoring and Evaluation (M&E) frameworks to monitor progress toward project objectives, assess institutional capacity-building results, and track the achievement of key deliverables. Work in partnership with state M&E focal persons for HMIS to ensure comprehensive, timely, and high-quality data collection, analysis, and reporting across all supported health facilities, as part of routine Data Quality Assessment (DQA) activities.
- Support the integration of project monitoring data into the NHMIS DHIS2 platform, promoting sustainability and fostering government ownership of data systems beyond the lifespan of the project. Collaborate directly with State Primary Health Care Development Agencies to embed HMIS processes and M&E systems within existing government structures, ensuring long-term sustainability and institutionalization.
- Develop detailed quarterly and annual M&E reports for both project and government stakeholders, utilizing standardized templates and aligned performance indicators to ensure consistency and accountability.
- Contribute to annual operational planning by delivering evidence-based recommendations derived from M&E findings and analysis of DHIS2 performance data.
- Lead MEAL planning and adaptive management for multi-sectoral humanitarian programs.
- Supervise MEAL teams across Sokoto State; conduct learning reviews and stakeholder briefings.
- Ensure data privacy and compliance with NDPR and organizational safeguarding policies.
- Collaborate with MIS unit on digital data platforms (RedRose); lead donor reporting cycles.
- Coordinate baseline, midline, and PDM surveys; integrate gender and youth indicators

MEAL Officer

Against Hunger Nigeria Mission (Humanitarian) November 2019 – September 2024

- Provided on-site data quality assurance of 25 health facilities in 7 LGAs of Yobe state.
- Prepared regular and ad hoc reports, analyses, presentations, charts, graphs, and other documents as assigned
- Organised internal implementation of M&E data collection, management, analysis, and donor reporting functions
- Performed routine data quality checks and monitored for gaps
- Participated in drafting the M&E system and implementation for the Integrated Health Programs.
- Validated facilities' NHMIS monthly data across all the NHMIS registers.
- Conduct verification of beneficiaries for cash interventions on various FSL projects.
- Monitored the installation and standardisation of WASH in communities and health facilities of implementation to ensure Sphere standards.

Projects

- Nurturing Future: A Holistic Program for Maternal and Infant Health through WASH, Nutrition, and Economic Empowerment – CIAA (2024/2025)
