## **AP Biology**

## 2025 Summer Assignment

## Dear AP Biology Student,

I am looking forward to seeing you in class next year. This assignment contains questions on four topics – a review of basic chemistry, water's role in life, functional group identification, and chemical signaling. Mastering the concepts contained in these topics will provide a solid foundation for a good start in the course. Please read the instructions and policies below:

## Below are the INSTRUCTIONS and POLICIES for the summer assignment:

- 1) Go to classroom.google.com
- 2) Sign in with your school issued Google account
- 3) Click "Join class"
- 4) Enter the code **2zkcc7wm** and click "Join"
- 5) Please open and complete the online assignment for the four topics listed above.
- 6) The summer assignment is due **prior to the first day of class in September.**
- 7) Completion and accuracy of all questions is required before the due date to receive points as a lab/project grade for the first marking period.
- 8) Please email me at <u>beierech@teaneckschools.org</u> if you have any questions.
