

Call for Participation

The Software Engineering Research in India (SERI) Update Meeting, conducted annually is an informal event, with the aim of bringing together faculty, students, industrial researchers, and practitioners working in software engineering to present and discuss advances in their areas of interest. The 4th SERI Update Meeting will take place in Goa University during June 2nd and 3rd, 2023. This event is sponsored by the India Chapter of SIGSOFT Special Interest Group of ACM and by Government of Goa Directorate of Higher Education.

Participation form:

Please submit your request for participation using the following form:
<https://forms.gle/scmqaZVBtLPghLYs5>

In the form you will indicate whether you wish to only participate, or make a presentation also. The presentation could be on a foundational aspect, algorithm, approach, or experience, focusing on novel or interesting insights, relating to any aspect of software engineering such as requirements, design, development, analysis, testing, verification, or deployment. Please supply a title and abstract in the form in case you would like to make a presentation.

The submission follows single-blind process, and evaluation criteria includes technical soundness, significance, presentation and the ability of the work to spark discussion among the audience of SERI.

Important Dates

Deadline to submit participation form (along with proposal, if any): March 26, 2023

Notification of acceptance: April 2, 2023

Our notification will tell you whether your request for participation is accepted. In case you make a proposal to present, our notification will also tell you whether your proposal is accepted.

Registration and Accommodation:

There will be NO registration fee for this event. Participants will need to arrange their own travel and accommodation (suggestions for nearby accommodation options will be provided later on). The committee shall disclose details on partial travel grants for students (if any) at a later date.
