INSPIRED BY NESS'S COMMISSION DOC

Introduction

Hello! I'm LUNA. I've been active in doing K-Pop covers on YouTube ever since 2018! I started on picking up graphic editing skills around May this year. The reason I'm starting up commissions is because I have to raise money for personal reasons. Currently I don't have any work neither am I a student therefore rest assured I could finish your work without any problems.

3. I will be asking for a design concept (Either from a pinterest picture you found, or any pictures you have in your gallery just for an inspiration for my edit) but if you don't have one, that's also fine!
4. Expect a few questions from me as I wouldn't want to make any mistakes!
